DEAN LARSON

WILL TALK TO AGGIES

Aggies and their friends who intend to attend the State Fair this year, should be aware of the fact that C. D. Larson, Dean of Agriculture at State college, will be spending a week with the class of 1923. He spent one year at State college and then entered Harvard University where he was graduated with honors this June. It is said to have been his own wish to come to Nebraska in the summer to help in the development of the greatest agricultural country in the world. The class of '23 will be glad to know of the success of Charles. We all have a feeling of pride in him while they things the Aggies are doing.

20 DAY PLEASANT SEASON IN BROOKINGS COUNTY

Brookings county will again have a thirty day pleasant season on the part of the Aggies. Every day may be a holiday, with a big gladness at 15 on at one time.

Although it was decided to conclude the shipping tag privilege, it was thought advisable to limit the number of tickets to 1000 for each of the riders because of the non-resident license. The tags are not to be transferred. The decision of the Aggie administration had considered abolishing the privilege because of its useless last season.

Hunting limit on pheasants for surrounding counties: Fifteen days, Codington, Meade, Minnehaha. Thirty days, Moody and Lake. Forty days, Beadle, Kingsbury and Sioux.

Meet Me at the Fair.

Students Work on Fair Exhibits—Work Work

OVERTIME ON FAIR EXHIBITS—WORK WILL BE DEMONSTRATED FROM SEPTEMBER 10TH TO 14TH

According to P. J. Scarbro, principal of the School of Agriculture, twenty-five of the Aggie students will take part in the 1928 State fair, by interesting them in giving explanations of the work and also demonstrating the line of work carried on in the class of agriculture in the school. The courses which will be demonstrated are agronomy, pecan, dairy, agronomy, farm woodwork and blacksmithing in the boys' work. In the girls' department, there will be exhibits of both school work and home project work. The exhibits will be placed in booths, arranged to show them to the best advantage. The baking, sewing, and cooking class will be put on in the one girl's lines of work. Participating in this booth are Roy Peter, Conde, and Wadsworth, Miller, and Roy Peter.

Woodwork

A number of articles made by students in woodwork classes will be exhibited in this booth. Prob- ably some of the most interesting exhibits and demonstrations that will be put on in the Aggie build- ing is the screen weaving demonstration in this booth. At the same time a saw filling demonstration will be exhibited. Students will be made to work in this booth. The Doe Peter, Conde, and Wadsworth, Miller.

In the booth there will be the exhibit of the work of the students in their home project work.

Reunion Planned

F big get-together in the Aggie Chapel for the Aggie graduates, former students and friends of the School of Agriculture. According to the committee in charge of the big fair for the Aggie graduates, the Aggies have had time to get a bite to eat after the big game.

Present plans also include the presentation of a musical comedy or comedy opera on the night preced- ing Hobo Day. Arrangements are under way to secure the “Butcher of SAVILLE.” Of course, a big pep meeting will be held before the presentation of the show.

KINGSBURY COUNTY

START LOCAL

AGGIES CLUB

Many Attend Organization Meet- ing at De Smet

The Aggies in Kingsbury county met in the Legion Hall, Friday eve, May 25 and formed a permanent organization.

James Jensen called the meeting to order and told the need of a county organization. Hank Schultz and Harry Pirlet also spoke of the need and advisability of organizing.

Henry Schultz, Jr., of the class of '28, was elected chairman of the organization. Harry Pirlet, '15, was elected vice-presi- dent and Ralph Spilde, '20, was elected secretary. James Jensen was appointed chairman of a committee including Arthur Schultz and Ralph Spilde to make ar- rangements for our next meeting.

There are about 25 Aggies in the county who expect to be at the meeting. Arrangements will be made favoring a large meeting or rally of all Aggies in the county.

Party July 13th

The Kingsbury county Aggies hold a real Ag party at the Legion hall, De Smet on Friday evening, July 13.

About 30 Aggies attended, in- cluding Mrs. and Miss Scarbro of State college.

The meeting was called to order by Mr. J. Jensen, county pres- ident and the following program was given:

Singing “Yellow and Blue,”
Talk, “Dad” Scarbro talks by student,
Chris, Bob, and Ralph Spilde.
Otelia Kuse, ’15; Harry Pirlet, ’25; Bliss, Alex, ’18; James Jensen, ’13; and E. Ellis.

Hank Schultz, our county pres- ident, Missf E. Ellis, Jenetta Field.

F. Falconer, Talk, C. P. Sher- wood, Editor of De Smet News.

The program was followed by refreshments consisting of ice cream, riding and playing the Aggie games were played until about 11

MAGNUSSON WORKS LIKE

Ray Magnusson, 25, called at the Lincoln campus, Talbot Bay, is a student in the agricultural division of the University of Nebraska at Lincoln. He will spend the coming year and will receive his degree next June. He has been spending the summer in Montana as a special representative and field representative of the National Farm Bureau. He is also soliciting and interesting new students and advertising the university. Ray likes his work at Lincoln although he has not lost his interest in South Dakota. He spent the summer of 1927 at the Rock- hom. She is a wonderful girl, Ray.

VOLUME V.

BROOKINGS, SOUTH DAKOTA—SEPTEMBER 1, 1928.

NUMBER 1
The Aggie News
Published quarterly by the State Alumni Association of the School of Agriculture.

Robert Roth, class of '27 of Kereford, is still at home farming with his father, Mr. and Mrs. J. E. Roth of Kereford, who reported that Lillian has been kept busy with her left hand on account of the doctor. The doctor can soon remedy this handicap.

Harold Waton, class of '28, of Brookings, is still at home farming in town, and still seems interested in Fern. Everett Griffs, class of '27, of Menno, is busy for the moment, but continues to look forward to seeing him in October at Brookings.

Edward LaPlante, class of '27, of Menno, has left the hotel and is now caring for an elderly lady in his home. He reported on June 7, that Wuddell had left the Mitchell hospital. Hilda is hoping to see most of her folks this summer.

Alvin Bell, class of '27, Flan- dreau, is hard at work with his father's farm. He was occasional, but we don't hear how his prospects are. Corn Wike, class of '29, Brook- ing, is back at work at the lunch room, now he seems to be interested in trying to make a car turn out for a bridge.

Mabel Vanous, class of '29, St. Lawrence, is busyly at work at home with her projects and cooking. We hope that she will prove equal to her task, as we are sure to be her voice.

If the word is true, Edwina, class of '29, Rumford, is in the midst of threshing. He has a fair crop of small grain this year. He is going to give us a show for the summer. Class is anxious to see him come out so that he may drive across the State and be with the Aggies again.

Milborn Thorstenson, class of '27, Solby, has been working at home all this time. He is naturally going to be in the Black Hills for a few days this summer with Isaac Tanner.

Wayne Evans, class of '30, Hot Springs, is working on the farm near Cono, S. D. Evans has finished cutting 350 acres of grain already. The first 250 acres of barley are cut and the second 100 acres are to go. Their old friends will be eager to hear the quantity of their corn and grain this year.

Alvin Moxon, class of '27, is very busy on the farm near Brookings. He has reduced his wheat from 23 acres of land and sowed it to flax and have good prospects for all crops. Two weeks ago he reported that he was going to attend S. D. A. S. A. next winter and perhaps another prospective student will be there.

Carrol Breese, class of '29, reports good crops in south. Hand in hand with a crop of 60 bushels oats and 35 bushels corn per acre. Carrol is carrying two crops for she can get plenty of corn, both of which are very good.

Oliver Herrett, class of '27, has been busy fighting on the ranch near North of Arpan. He reports having finished stacking 60 acres of grain on the ranch. The chopping was done for the hills.

Oliver has two prospective students for the School of Agriculture.

Oscar Laako, class of '29, of Ar- pan is farming twice as hard as usual. It is certainly a busy season and Oscar is so busy that we hear very little from him.

Doris Wieting, class of '29, of Hitchcock, has been very busy this summer helping on the farm. For her 23 bushels of young geese and a few hundred chickens. Doris is also carrying two projects for the school of agriculture most of her spare time. She is making good use of her cooking knowledge she obtained at the School of Agriculture by cooking for threshers at home and in helping the neighbors.

Lillian of Enning, S. D., spends her time sewing and must be a good seam- stress. Lillian was working in Rapid City and while there saw Thervale L. Irwin, class of '29, of the Falconer brothers at the National guard camp. We are sorry to hear that Lillian has been kept busy with her left hand on account of the doctor. The doctor can soon remedy this handicap.

Catherine Hallweig, class of '29, Menno, is still coming back to school in October. Arthur Wkhle, class of '29, Brookings, is going to the State Nursery plant.

Elsworth Jones, class of '31, Brookings, is recovering nicely from an injury caused by a motor accident.

Edith Danks, class of '30, Rumford, is now at home occasionally, and we are not sure of the whereabouts of this popular young lady.

Edwin Cunningham, class of '29, is still at work on the farm near Cono, S. D. Edwin has finished cutting 350 acres of grain already. The first 250 acres of barley are cut and the second 100 acres are to go. Their old friends will be eager to hear the quantity of their corn and grain this year.

Lillian Johnson, class of '29, of Arpan, is still at home farming in town, and still seems interested in Fern. Everett Griffs, class of '27, of Menno, is busy for the moment, but continues to look forward to seeing him in October at Brookings.

\textbf{Graduates of the Aggie School Are Successful Farmers and Community Leaders}

In the first place the School of Agriculture course is outlined by itself. It is planned for a definite purpose, namely: making better farmers and leaders of community life. This training is taught by trained professors who have
in the lives of those students definite, practical knowledge with high ideals for the education for a successful life in the farm.

The School of Agriculture will play a very big part in building up South Dakota and I look forward to a steady growth in the school in the next few years.

--D. B. Donner.

----------------------------------

\textbf{State College To Have Stiff Grid Season; 10 Games}
School of Agriculture Faculty for ’28-'29

Frank Revell
Frank Revell received his B. S. degree from State college in 1923 and since that time has been a regular instructor in the school during the five winter months. Mr. Revell has proven a very valuable instructor, having a chance to make his instruction very practical because he is actively engaged in farming south of Brookings. During the five years teaching, he has coached the livestock judging team each winter and takes such teams on many fine trips, including the National Western Stock Show at Denver and Crookston, Minnesota, Mid-Winter Shows. He has also acted as class advisor for several classes and coached students for many inter-society activities. Last year he coached the debate teams for the school in addition to his regular duties.

Arthur Willoughby, ’27, Hot Springs, paid us a visit at the Aggie office. Arthur is associated with his father on a large ranch near Hot Springs. He says that his Aggie training is very much worth while when put into actual practice. Call again, Arthur.

Lyle C. Stitt
Lyle Stitt is a product of Beadle county. His father is a progressive pioneer farmer of that county. Mr. Stitt graduated from the Aggie school in ’20. After he completed the Aggie course, he entered the college, getting his degree with the class of ’25. Mr. Stitt has charge of the Smith-Hughes work of the school. He teaches the first year animal husbandry classes. He directs the home project work and assists the students with their farm projects during the months the school is not in session. He is president of the State Aggie Alumni association and editor of the Aggie News, a quarterly published by the State association. Mr. Stitt believes that his class room work should be based on actual farm experiences. With this in mind, he purchased the home farm near Hitchcock and directs the farming operations in addition to his many duties as a member of the Aggie faculty. The Aggie students recognize Mr. Stitt’s ability as an instructor and look to him for real leadership in their school and home problems.

Miss Lalla Gerkin
Miss Lalla Gerkin, of Fenton, Iowa, instructor in English is a graduate of Morningside college, Sioux City, and has pursued graduate work at Columbia university. Miss Gerkin taught in the School of Agriculture the past year and will resume her duties here this coming October.

During the past school year, she has taken a great interest in the work and in the welfare of the student body. She was always willing and ready to help in all student activities. She was literary society adviser and took an active part in all the programs and the social affairs put on by the students. Besides teaching, second, third and fourth year English, Miss Gerkin helped coach the oratorical and declamatory contestants, the class play, and was pianist for the School of Agriculture orchestra and assisted with the Aggie chorus. She took active part in the Epworth League in the Methodist church, and was sponsor for all of the Fellowship hour for School of Agricultural girls.

Ors Stiat
Miss Orr Stiat of Gettysburg, home economics instructor and assistant principal is a graduate of the School of Agriculture, class of ’27 and also a graduate from S. D. S. C. with a B. S. degree in home economics. In addition to her school work, Miss Stiat’s training includes two years teaching at Castlewood high and three years at Gettysburg high. Miss Stiat takes an active part in all student activities as assistant principal and home economics instructor, she has charge of the girls summer project work. While at the homes of the girls, Miss Stiat has been able to put on many helpful demonstrations for the girls and their friends.

Because of her fine ability and training, Miss Stiat is of great value to her many student friends, whose problems she understands so well.

The school is indeed fortunate to have at the head of its girls work, one as well trained as Miss Stiat.

Lester Morrigan
Mr. Morrigan, Aggie athletic coach, earned his letter at State on the varsity basketball squad last year. He is a fast player himself and a splendid coach. For several years, before coming to State, he coached the fast Elkton high school squad, which made a fine record in basketball. Mr. Horrigan believes that any form of athletics should be a part of a real educational program, that clean athletics are necessary for a successful team. Mr. Horrigan holds a state certificate, has had several years successful teaching experience. In addition to his work in Aggie school, he will carry sufficient subjects in the college to finish his college course. He will receive his degree with the class of ’29.

Miss Marshman
Miss Grace Marshman has served as a teacher to the principal since 1923 and is regular instructor in penmanship and spelling. She has two years work at State college as a student and later graduated from the Gwagg school, Chicago, Ill. Miss Marshman serves as treasurer to the Aggie Student Association Board of Control and assists all the student organizations with their secretarial work in addition to her regular duties. She takes personal interest in the Aggies and is always willing to give efficient and cheerful service.

The organization and service which the School of Agriculture office is able to give students and alumni of the state, is largely due to the ability and loyal cooperation which Miss Marshman gives.
