Andrew Palileo continues his progression as a collegiate volleyball coach by leading the Jackrabbits to the ranks of NCAA Division I during the 2004 season.

Palileo took over the reins of the SDSU volleyball program in the spring of 2001 following a successful four-year stint (1997-2000) at Bethel College in St. Paul, Minn. Palileo led the Royals to an 85-53 mark (.616 winning percentage) in his four years, including three consecutive 20-win seasons. His 1999 team, which finished the season 25-12 overall, won the first Minnesota Intercollegiate Athletic Conference title in school history and qualified for the NCAA Division III National Championships. Palileo was honored as the MIAC Coach of the Year in 1999.

In his first season at SDSU, Palileo led the Jackrabbits to the NCAA Division II championship match, closing the 2001 season with a national-runner-up finish and a 28-6 record. Prior to winning the first volleyball regional title in school history, Palileo also guided SDSU to a second-place finish in the North Central Conference, tying a team-best 15-3 mark in league play.

The Jackrabbits nearly repeated that success during the 2002 season, compiling a 28-7 overall record and reaching the North Central Regional title match for the third consecutive year. SDSU also finished second in the North Central Conference with a 12-4 record. During the 2002 season SDSU attained its highest-ever national ranking with a No. 2 showing in the American Volleyball Coaches Association Division II poll for the first three weeks of the season.

Last season, Palileo guided the Jackrabbits through a rebuilding season as they finished the 2003 campaign with a 13-19 overall record.

The 2001 AVCA North Central Region Coach of the Year, Palileo has accumulated a 154-77 record (.667 winning percentage) in seven seasons as a head coach, including a 69-32 mark (.683 winning percentage) in his three seasons at SDSU.

Palileo began his volleyball coaching career as a junior varsity coach at Waconia (Minn.) High School in 1986 before moving on to the club ranks. He served as director of the Waconia Junior Olympic Program from 1991-95, and later moved on to direct the Crosstown Junior Olympic program in Edina, Minn.

In 1997, Palileo added the Heartland Adidas Select Volleyball Program and the head coaching job at Bethel College to his coaching responsibilities. His Heartland Adidas teams qualified for the national tournament four consecutive years as he compiled a 159-43 record with the 18-year-old team.

In addition to serving as head coach of the Midwest Volleyball Instructor Elite Camps, Palileo has served as a clinician for the Midwest Volleyball Instructors and Minnesota High School Volleyball Coaches Association camps.

Palileo and his wife, Wendy, are the parents of four children: Ashton (12), Austin (10), Alyvia (8) and Arik (4).

THE PALILEO FAMILY: (clockwise) Andrew, Ashton, Wendy, Arik, Austin and Alyvia.
Aar0n enters his second season as assistant coach with the Jackrabbit volleyball program.

A native of St. Cloud, Minn., Nelson began his collegiate coaching in 1998 as a volunteer assistant at St. Cloud State, while completing a master’s degree in exercise physiology. After two seasons with the Huskies he moved on to Minnesota-Crookston, serving as assistant volleyball coach for the 2000 season, then to the University of North Dakota for the 2001 season. In 2002, Nelson accepted a teaching position at Northern Michigan, while also filling the role of assistant volleyball coach on an interim basis.

He also holds a bachelor’s degree in psychology from St. Cloud State, graduating in 1996.

TeAna is in her second year as a graduate assistant after completing a Division I playing career.

A native of El Paso, Texas, Crutcher earned all-Southland Conference honors twice as an outside hitter at Louisiana-Monroe before transferring to New Mexico State prior to her junior year. She helped the Aggies to a Sun Belt Conference West Division championship each of her two seasons at New Mexico State.

She also was a part of a conference championship team in track, competing in the throwing events.

A two-time academic all-conference selection, Crutcher earned a bachelor of science degree in kinesiology at New Mexico State in the spring of 2003.

Wendy moves from the court to the sideline this year after completing a successful playing career during the 2003 season.

A Tuthill, S.D., native, O’Neill became the eighth player in Jackrabbit history to top 1,000 career kills. A two-time selection to the North Central Regional all-tournament team, she currently ranks fifth on the SDSU career kills chart with 1,254.

She is completing a bachelor’s degree in health, physical education and recreation.

Angie rejoins the Jackrabbits as a volunteer assistant following an All-America playing career at SDSU.

A native of Columbia Heights, Minn., Rime closed her playing career in 2002 as SDSU’s all-time leader in set assists with 5,905 and the single-season record-holder with 1,775. She also ranks fourth in career digs with 1,337.

A three-time all-North Central Conference selection, Rime earned second-team All-America honors from the American Volleyball Coaches Association in both 2001 and 2002.

She is pursuing a master’s degree in administration of student affairs, after earning a bachelor’s degree in history.

PEGGY GORDON MILLER
PRESIDENT

Dr. Peggy Gordon Miller became South Dakota State University’s 18th president on January 1, 1998, following the retirement of Robert T. Wagner.

Before becoming president of SDSU, Miller was a senior fellow and acting vice president for Academic and International Programs at the American Association of State Colleges and Universities in Washington, D.C.

She has extensive collegiate education leadership experience at The University of Akron, where she served as president from 1992 to 1996, and Indiana University Northwest, where she served as chancellor from 1983 to 1992.

Miller earned her doctorate in secondary education from Indiana University, her master’s degree in English and secondary education from Northwestern University, and her bachelor’s degree from Transylvania University. She taught high school in Gary, Indiana, and moved into various teaching and administrative positions in the Indiana University system.

She amassed a broad range of national experience and made extensive contacts in the Washington community. Miller currently serves on the corporate boards of Lubrizol Corporation and A. Shulman Incorporated.

FRED OIEN
ATHLETIC DIRECTOR

Dr. Fred Oien became the 11th director of athletics at South Dakota State University on July 1, 1990.

Oien earned his bachelor’s degree at SDSU in 1972 and has been on the SDSU staff since 1979, serving as athletic business/ticket manager from 1981 until his appointment as director of athletics. Oien is a 1968 graduate of Baltic (S.D.) High School. He added a master’s degree at SDSU in 1975, then completed his doctorate (Ed.D) at the University of Massachusetts-Amherst in 1979.

Oien taught physical education and health at the Brookings Middle School from 1973-76, during which time he was varsity golf coach for both boys and girls, and middle school basketball and football coach. His golf teams won state championships for both boys and girls. Oien also was women’s golf coach at SDSU, guiding the Jackrabbits to one North Central Conference championship. The SDSU women’s golf team of 1982 was voted South Dakota Women’s College Team of the Year.

NANCY NEIBER
SR. WOMAN ADMINISTRATOR

Nancy Neiber became South Dakota State University’s first senior woman administrator for athletics when she stepped down as head women’s basketball coach in June 2000.

Her duties include sport supervision, fund-raising, public relations, overseeing student-athlete programs and instruction in HPER academic programs. The winningest basketball coach in SDSU history with a 301-140 record, Neiber coached the Jackrabbits for 16 seasons (1984-2000) and led SDSU to 14 consecutive winning seasons, two second-place finishes in the North Central Conference and six NCAA postseason appearances. Six times Neiber-coached teams won 20 games in a season, including two 25-win seasons. She was named NCC Coach of the Year in the 1988 and 1995. In 2003, she was inducted into the South Dakota Sports Hall of Fame.

A native of Pierre, Neiber was appointed as head of that department during the summer of 1982.

MYLO HELLICKSON
FACULTY REPRESENTATIVE

Dr. Mylo Hellickson has been South Dakota State University’s faculty representative to the North Central Conference and NCAA since 1977, and as such also is chairman of the Athletic, Intramural and Recreation Committee on campus.

Hellickson recently returned to the classroom as a professor in agricultural engineering after serving several years as director of agriculture Extension at SDSU. He has been on the SDSU staff since 1969, serving as a professor in agricultural engineering until he was appointed as head of that department during the summer of 1982.

Dr. Hellickson’s specialty has been in the area of livestock structures and environment with recent emphasis on solar energy use in agriculture.

A native of Belfield, N.D., he earned a bachelor’s degree in agricultural engineering from North Dakota State University in 1964, added a master’s degree in ag engineering from NDSU in 1966, then earned a Ph.D. in engineering at West Virginia University in 1969.

Hellickson was presented the North Central Conference Meritorious Service Award at the November 1990 meeting.
As Andrew Palileo prepares for his fourth season as head coach of the South Dakota State University volleyball team, he has seen a trend develop. If that trend continues in 2004, the Jackrabbits could make a successful run in their first year as an NCAA Division I member.

“Every year I’ve been here, when we’ve had a good spring we’ve had a good fall,” Palileo said. “Hopefully, that will be a sign of what is to come.”

After Palileo was hired in the spring of 2001, the Jackrabbits turned a pair of strong spring seasons into back-to-back 28-win campaigns, consecutive appearances in the NCAA Division II North Central Regional championship match, one region title and a national runner-up finish.

But when the Jackrabbits struggled during spring workouts in 2003, that also carried over to the fall, during which a relatively young squad finished with an uncharacteristic 13-19 record, missing postseason play for only the second time in seven seasons. However, the Jackrabbits regrouped during the spring season by completing the off-season portion of their schedule with a 13-match unbeaten streak to finish 12-2-1. Included in that streak were victories over Iowa State, Creighton (Neb.) and Northern Iowa, the last of which finished the 2003 season ranked 18th in NCAA Division I.

As SDSU prepares for its season opener Sept. 3 against St. Martin’s College (Wash.) at the Seaside Invitational in Laie, Hawaii, Palileo said he has noticed his players playing with a different persona than they did last fall.

“I think the players are still riding high off the spring season,” said Palileo, who has led the Jackrabbits to a 69-27 record in his first three seasons at SDSU. “I think we’re more confident and relaxed.”

The Jackrabbits conclude their Hawaii swing with matches against three schools ranked highly in the CSTV/AVCA Division II Coaches Preseason Top 25 — third-ranked Nebraska-Kearney, 12th-ranked Hawaii Pacific and 18th-ranked Brigham Young-Hawaii — before moving on to conclude their 12-day, nine-match season-opening road trip with five matches in Texas and New Mexico, including their first-ever Division I match Sept. 8 at Texas-El Paso. In all, SDSU is scheduled to play 19 of its 34 matches against Division I opposition as it continues the process toward becoming eligible for NCAA postseason play in 2008.

“This year is a small step in the building process toward that goal,” Palileo said. “We still want to have a winning team and a winning program, but at least part of my focus is preparing for the 2008-09 season.”

In preparing for their new schedule, Palileo said the Jackrabbits will stick with the adjustments the coaching staff made during the spring season.

“One of the first things we implemented was a 6-2 system utilizing both setters and more hitters because we wanted to take the pressure off our young setters,” Palileo said. “Defensively, we transitioned to a swing blocking technique which is more prevalent in Division I and men’s volleyball.”

Seniors Sarah Biggerstaff and Kim Bostrom have anchored the Jackrabbit blocking crew the past two seasons. Biggerstaff played in the middle her first three seasons, but is expected to move to the right side for the 2004 season after averaging 2.14 kills per game. A strong blocker, Biggerstaff has posted more than 100 blocks each of the last two seasons to lead the Jackrabbits. Currently in sixth place on the SDSU career block assists chart with 244, she is poised to take over the all-time SDSU lead this season.

Bostrom earned all-North Central Conference honors at her middle hitting position a year ago after pacing the team with 407 kills (3.57 kpg) and a .333 hitting percentage. She also ranks high on career lists for kills (10th with 868) and block assists (seventh with 238).

Fellow senior Sarah Simet, who split time between libero and a regular defensive specialist role, led the team in digs last season with 321, averaging 2.87 per game. She will lead a back row corps that includes junior Sara Doschadis (1.47 dpg) and newcomers Sara Hinrichs, Sam Pearson and Kesa Alexander.

“I think defensively we will have a much better ball-control team than we had last year,” Palileo said. “I think you will see how much quicker we are.”

Improved passing should make for easier opportunities for the Jackrabbit setting tandem of sophomores Stephanie Behm and Kristie Klusaw. Behm, who redshirted during the 2002 season, handled the bulk of the setting duties in 2003. She averaged 11.24 assists per game.

Klusaw, meanwhile, contributed 8.26 assists per game in 25 matches.

Besides Bostrom and Biggerstaff, Jackrabbit setters will have a variety of other hitters to choose from, including returning players Minette Ridenour, Carley Boll and Seri Aamlid, as well as freshman Kristina Martin, who is a candidate to crack the starting lineup this season.

Ridenour took over a starting outside hitting spot midway through her freshman season in 2003, posting 208 kills (2.24 kpg) and a team-high 31 service aces.

According to Palileo, Boll showed the most improvement between the fall and spring seasons and is slated to fill the second middle hitting position. Boll saw limited playing time in 2003, but still managed to tie for fourth on the team with 34 block assists (.85 bpg), while contributing 26 kills.

Aamlid also played sparingly last season, but should see her role increase following a strong spring season.

Incoming freshman Amy Anderson will add depth to either the outside or middle hitting positions, while fellow newcomers Mackenzie Osadchuk and Emily Rooney round out the middle hitters.

SDSU is scheduled to open its slate of 12 home matches Sept. 24 against perennial NAIA power National American.

LIZ ARCHER
2002 Daktronics All-America First Team

Archer anchored the Jackrabbits' back row as she took over the newly created position of libero. The Apple Valley, Minn., native registered double figures for digs in 30 of the team's 35 matches, including 11 outings of 20 or more digs. During the 2002 season, Archer set the SDSU single-season record of 595 digs and established a new Jackrabbit career mark of 1,615 digs. A repeat pick on the Daktronics All-America First Team, Archer also was honored as the North Central Conference's Defensive Specialist of the Year for the second consecutive season.

Kim Bostrom continued a long line of Jackrabbit volleyball players to earn all-North Central Conference and all-region honors during the 2003 season.

Bostrom, a middle hitter, led SDSU in kills and hitting percentage, while placing second on the team in blocks. A two-time NCC Player of the Week, she was named to the all-NCC squad for the first time and was a second-team Daktronics all-North Central Region selection for the second consecutive year.

Bostrom also excelled in the classroom, earning spot on the all-NCC Academic Team and CoSIDA Academic All-District Third Team with a 3.596 grade-point average in sociology.

Teammate and fellow middle hitter Sarah Biggerstaff gained a spot on the 11-member NCC academic team with a 3.806 GPA in journalism/mass communication, while senior Alissa Tepley earned honorable mention honors with a 3.506 GPA after double-majoring in economics and Spanish.
As SDSU makes the move to the ranks of NCAA Division I, the Jackrabbits will attempt to use their run of success at the Division II level as a foundation to build a successful program during the remaining four years of transition.

SDSU qualified for NCAA Division II postseason competition five of the last seven years. Overall, South Dakota State compiled an 8-5 record in five Division II postseason appearances, including a perfect 5-0 record in five-game matches.

The Jackrabbits reached the North Central Regional championship match four times, winning the 2001 crown to advance to the NCAA Division II Elite Eight in Allendale, Mich., where SDSU completed the season with a national runner-up finish.

With a record enrollment of 10,561 students in the fall of 2003, South Dakota State University is the state’s largest institution of higher education.

EARLY HISTORY

Located in Brookings, SDSU was authorized in 1881 by the Territorial Legislative Assembly and serves as the state’s land-grant institution. Territorial council member John O’Brien Scobey, failing to obtain the penitentiary for Brookings, managed to secure Dakota Agricultural College for his city.

Although allocations fell short of the actual cost, the school was able to open in the fall of 1884 because the president, George Lilley, was willing to advance $500 — one-third of his salary — to finish three rooms in the new Central Building. “Old Central” was soon joined by South (1885) and North (1887), forming the nucleus of campus for a decade and a half.

During the first year of operation, only preparatory classes were held. College classes started in 1885 with five teachers, 17 freshman and 61 preparatory students. Growth was slow and erratic for many years, but by the turn of the 20th century there were 242 students. By 1990, SDSU had an enrollment of more than 9,000 students.

Nearly 50,000 degrees have been granted since the college was chartered in 1881.

COLLEGES ESTABLISHED

The structure of the college became more complex as enrollments increased. The first nine chairs of instruction established in 1884 included agriculture, science, mathematics, English, modern languages, military tactics, veterinary science, practical business, political and domestic economy, and music.

By 1907, the year the name of the institution was changed to South Dakota State College of Agriculture and Mechanic Arts, there were 22 departments on campus. Reorganization into the five divisions which formed the basis for the designation of colleges was completed under President Charles W. Pugsley in 1923.

In 1964, when “State College” was renamed South Dakota State University, there were six colleges; today degrees are offered through these eight colleges:

• Agricultural and Biological Sciences
• Arts and Science
• Education and Counseling
• Engineering
• Family and Consumer Sciences
• General Registration
• Nursing
• Pharmacy
• Graduate School

SDSU also offers degree programs through the Sioux Falls Center for Public Higher Education (USDSU). Evening, RDTN, Internet and off-campus courses are coordinated through the Office of Academic Affairs and Outreach.

SDSU BY THE NUMBERS

In its 123-year history, South Dakota State has grown from a campus of 80 acres in 1881 to a 271-acre campus with facilities worth more than $220 million.

The university owns or leases another 15,000 acres for research throughout the state.

Recently, the Printing and Journalism Building — now named Anson and Ada May Yeager Hall — underwent a $2.1 million expansion and renovation project.

Other recent campus construction projects have included a $7 million expansion to Crothers Engineering Hall, the renovation of Solberg Hall and the building of a $9 million performing arts center, which opened in the fall of 2002.

A University Student Union expansion and renovation project is in progress and the Enterprise Institute located on the southwest corner of campus is slated to be completed this fall.

More than 200 majors, minors and options are available at SDSU with more than 2,500 different course offerings.

Master’s degrees are offered in more than 30 areas and doctorates are available in eight fields.

SDSU is accredited by the North Central Association of Colleges and Secondary Schools and numerous departments on campus have earned accreditation from various agencies.

AGRICULTURAL RESEARCH

The university reaches all corners of the state through the Cooperative Extension Service and the Agricultural Experiment Station, offering service seeking to improve the quality of rural life. Also at SDSU are the Center for Innovation, Technology and Entrepreneurship; Engineering Experiment Station, Office of Remote Sensing; Water Resources Institute; Engineering and Environmental Research Center; Animal Disease Research and Diagnostic Laboratory; and Northern Grain Insect Research Laboratory.

(continued on next page)
These units help strengthen the university’s growing commitment to research and support of state and local economic development efforts.

The Northern Great Plains Biostress Laboratory, which was dedicated in 1993, houses scientists who focus on research aimed at developing new technologies to protect crops and livestock.

SDSU also has been selected as one of five universities to serve as a regional center for the Sun Grant Initiative. The Sun Grant Initiative is a concept to solve America’s energy needs and revitalize rural communities with Land-Grant university research, education and Extension programs on renewable energy and bio-based non-food industries.

Supplementing classroom instruction are the Harding Distinguished Lecture Series, the F.O. Butler Lectures, the Lusk Lecture and the Amdahl, Schultz-Werth and Griffiths endowments.

Students also have the opportunity to choose from more than 100 clubs and organizations active on campus.

MUSEUMS AND ATTRACTIONS

The educational opportunities don’t end in the classroom or laboratory as South Dakota State University is home to several facilities, including museums and gardens, which highlight South Dakota history and heritage.

The South Dakota Art Museum, which recently completed an expansion, was first envisioned by the South Dakota Federation of Women’s Clubs in 1949, and dedicated in 1970. The museum’s collections include early Sioux Indian tribal art, the famed Harvey Dunn paintings of pioneer life and the exclusive Vera Way Marghab linens.

The State Agricultural Heritage Museum transformed the former Stock Judging Pavilion into a home for exhibits that record and preserve the agrarian heritage of South Dakota.

The 70-acre McCrory Gardens and South Dakota Arboretum, located south and east of campus, provide a beautiful setting for area residents and tourists to enjoy a stroll through the radiant colors and fragrances of one of the top 10 small ornamental gardens in the nation. It is also recognized as an All-American Display Garden, one of only 13 in the nation.

In 1993 McCrory Gardens was designated an All-American Judging Garden to conduct research on annual flowers.

Since 1985, private contributions have made many new gardens possible including the Rose, Rock, Centennial Prairie, Iris, True Lily, Mum, Native Prairie Collection, Oak Tree Memorial Garden, All-Red Specialty Garden, Peony Garden, Shrub Rose Collection, and Children’s Maze.

In August 1994, dedication ceremonies were held for the Mickelson Grove Memorial in honor of former governor and Brookings resident George Mickelson.

In 1982, the area north of the formal garden was dedicated to the planting and testing of ornamental trees and shrubs. The 45-acre site was designated the South Dakota State Arboretum in 1988.

The arboretum’s purpose is to test woody plants needed to protect agricultural fields and livestock from the region’s harsh environment, to provide hardy trees to shade our towns and cities, and to test ornamental shrubs for both durability and beauty.

The arboretum and gardens are managed by the SDSU Horticulture, Forestry, Landscape and Parks Department. More gardens and tree and shrub collections are being developed.

Perhaps South Dakota State’s most recognizable landmark is the 165-foot Coughlin Campanile, the state’s largest chimes tower. A climb of 179 steps leads to a panoramic view of the city.

The statuesque structure on the west end of campus was a $65,000 gift from 1909 engineering graduate Charles Coughlin, who later went on to become head of the Briggs & Stratton Corporation.

Coughlin laid the campanile’s cornerstone on June 10, 1929. Since then, its chimes have called students to classes with the famous Westminster peals.

An alumni-sponsored project to restore the campanile was completed in the summer of 2001.

Adjacent to the campanile, Coolidge-Sylvan Theatre has provided a restful, green haven for students since its dedication by President Calvin Coolidge in September 1927.

Over the years the outdoor amphitheater has been the site of concerts, graduations and inaugurations for university presidents.

Woodbine Cottage, the home of the university president, is a charming example of Queen Anne architecture. Built in 1887 by South Dakota Agricultural College’s second president, Dr. Lewis McLouth, the home is crowned by multiple roof lines.

The house also has served as a women’s dormitory, music hall and infirmary.

STATE’S LARGEST LIBRARY

The Hilton M. Briggs Library, the state’s largest, was opened in 1977 and joined South Dakota’s statewide automated library network in 1988. Through the library, users have access to holdings from all 10 of the state’s libraries, including official documents and more than 1 million other holdings at Briggs.

THE BROOKINGS COMMUNITY

Today, Brookings is a growing community of about 18,500 people. Located 20 miles west of the Minnesota border and 50 miles north of Sioux Falls in east-central South Dakota, Brookings is situated at the intersection of U.S. Highway 14 and Interstate 29.

The community also is home to several recognizable companies including Rainbow Play Systems, Minnesota Mining and Manufacturing (3M), Larson Manufacturing, and Daktronics, a leading manufacturer of scoreboards and display systems.
