SDLN Highlights of 2002

43678664

- Search for a new Integrated Library System
 - On October 22, 2001 the South Dakota State Library distributed a Request for Proposals for a new integrated library system to upgrade SDLN-s software and hardware. The RFP Committee, led by Dr. Steve Marquardt, SDSU, did a tremendous job of identifying the needs and expectations for the new software. Each member of the RFP committee was supported by SDLN members-at-large through the various SDLN User Groups. Because SDLN has limited staff and resources volunteer efforts by its members have been critical to its success.
 - At the end of 2001, seven vendors submitted proposals for an Integrated Library System (ILS) to replace our current system (PALS). These vendors were: Endeavor, EpixTech, ExLibris, Gaylord, Innovative Interfaces, Sirsi, and VTLS. The SDLN User Groups reviewed and studied the proposals and on February 26, 2002, the Executive Committee met with the Evaluation Team to review the results. As a result of this meeting, four vendors, ExLibris, EpixTech, Endeavor, and VTLS were selected for invitation to demonstrate their products.
 - Between April and June, 2002, the four finalist vendors gave two-day demonstrations in Pierre.
- New libraries were added to SDLN.
 - Hill City Public Library was added under the auspices of the Rapid City Public Library.
 - Huron High School was added as a new SDLN Associate member.
 - Mount Vernon School and Plankinton School were added as a new SDLN Associate member.
 - The South Dakota Department of Transportation library was added under the auspices of the State Library.
- Due to the increased threat from computer hackers and unauthorized access to our computer network, SDLN installed a firewall and an Intrusion Detection System.
- SDLN's access to the Wide Area Network (WAN) and the Internet was enhanced. We now have available three megabits of dedicated bandwidth through an ATM switch. This bandwidth is separate from and not affected by student and staff use at Black Hills State University, where we are located.

The South Dakota Library Network

Information: <http://www.sdln.net>

The mission of the South Dakota Library Network is to enable all libraries in the State of South Dakota to provide its residents with the information they need, when they need it, and where they need it.

SDLN Membership Benefits

The South Dakota Library Network (SDLN) provides a seamless information structure publicly accessible to all residents of the state. SDLN librarians work collaboratively to align emerging technologies to leverage the state's existing library resources to meet patron needs. Over four million items and numerous electronic databases are available via SDLN, offering every South Dakota resident access to a growing body of resources, regardless of the location of the information or the resident. SDLN provides current information technologies, services, and resources that most South Dakota libraries would not be able to afford independently. SDLN is funded solely by member libraries cooperating to share resources among more than 200 school, public, private, academic, tribal, medical, government, and corporate libraries.

With SDLN membership, libraries receive the following benefits:

- **Online Public Access Catalog (OPAC)**

A single point of access showing the titles held by 70 individual South Dakota libraries

- **Reference Databases (Licensed commercial databases)**

- Periodicals
 - Computer Database
 - Expanded Academic ASAP
 - General Reference Center Gold
 - General Business File ASAP
 - Health Reference Center Academic
- Information Databases
 - Contemporary Authors
 - Corporate Profiles
 - ERIC
- Just for Kids
 - Infotrac Kid's Edition (Elementary)
 - Infotrac Junior Edition (Middle School)
 - Infotrac Student Edition (High School)

- **Technical Resources**

- Library of Congress Authority Database
 - Subject Authorities
 - Name Authorities
- Books in Print, including reviews
- Library Address Directory

- **South Dakota Databases**

- Sioux Falls Argus Leader index
- Rapid City Journal index
- Deadwood historical newspapers index
- Indian Country Today
- South Dakota Libraries Directory

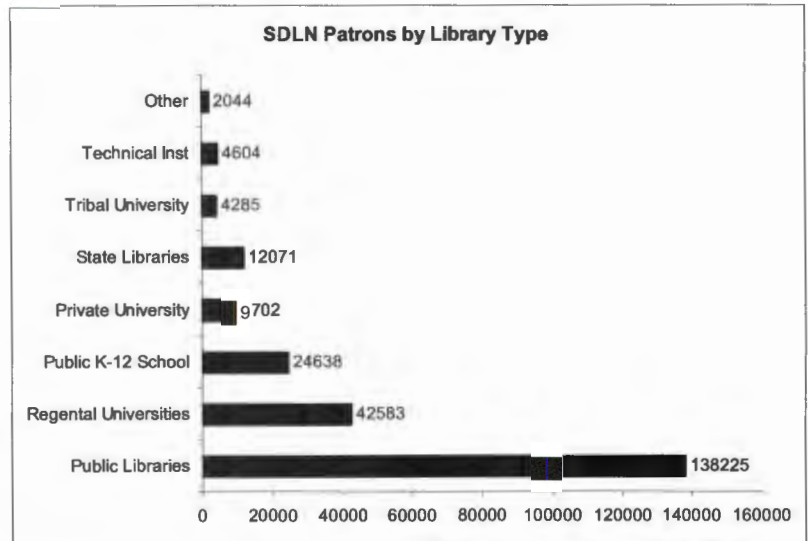

• **Library Management Modules**

- Cataloging
 - MARC Editor
- Circulation
 - Inventory Control
 - Media Booking
- Interlibrary Loan
- Serials Control
- Acquisitions

• **Internet Services, including**

- Email for staff of member libraries
- Internet access for Public Libraries
- Web hosting for member libraries

South Dakota Library Network - Goals

- **GOAL 1:** The South Dakota Library Network will provide a basic set of information resources to every library in the state, regardless of size or type.
- **GOAL 2:** The South Dakota Library Network will facilitate the collaboration and cooperation of libraries of all types to form groups for the purpose of obtaining access to specialized information resources.
- **GOAL 3:** The South Dakota Library Network will provide an information structure to support seamless education from elementary through post-secondary.
- **GOAL 4:** The South Dakota Library Network will work to improve South Dakota libraries' ability to provide interlibrary loan of books, magazine articles, and other materials.
- **GOAL 5:** The South Dakota Library Network will expand and integrate access to high-quality, fee-based information services from commercial suppliers.
- **GOAL 6:** The South Dakota Library Network will leverage existing state resources and will comply with no less than the minimum state standards for information technology.

Expanded information on goals is available at the SDLN homepage (www.sdlr1.net/about)

SDLN Membership Categories

The South Dakota Library Network (SDLN) is funded through membership fees paid by participating libraries. All membership fees are used to pay for the services provided for the libraries and their patrons. SDLN operates under SDCL 1-45-37 and a subsequent Memorandum of Understanding among the South Dakota Board of Regents, the South Dakota Department of Education and Cultural Affairs, and the South Dakota State Library Board. SDLN is a non-profit organization governed by a set of Guidelines (<http://www.sdln.net/about/memoguidelines.PDF>).

There are three types of membership in SDLN: Full, Associate, and Remote.

Full Member

Full Member libraries have access to all services and all library management modules of SDLN. The library management modules include the online catalog, cataloging (includes the MARC Editor), acquisitions, serials, interlibrary loan, and circulation (Inventory and Media Booking). Full Members have access to all reference databases, including full-text. Each Full Member library has a voting representative on the SDLN Advisory Council.

Associate Member

Associate Member libraries are configured in the online catalog and load their bibliographic records according to standards established by the Network. This membership category is designed to appeal to smaller libraries considering SDLN full membership. These members use the online catalog, cataloging (includes the MARC Editor), interlibrary loan, circulation (Inventory and Media Booking), and all reference databases (includes full-text). Only libraries with fewer than 30,000 titles are eligible for Associate Membership. Associate members elect two voting representatives from their numbers to serve on the governing SDLN Advisory Council.

A formula determines ongoing (annual) fees paid by Full and Associate Member libraries and is based upon the number of titles, volumes and patrons in that library, as well as annual usage. For a list of Full and Associate Member libraries, see pages 8-13.

There is also a one-time start-up fee paid by new member libraries (Full and Associate), which covers the implementation planning and setup for the new member library. This fee is based upon the number of branch libraries (or schools) and the estimated number of patrons, titles, and volumes in the library.

This start-up fee is:

\$500 per building with a library

\$0.015 per patron

\$0.035 per title

\$0.01 per volume

Remote Access Member

A Remote Access Member is also known as a “dial access” member. These members have access to the OPAC and Interlibrary Loan, but do not load their bibliographic records into the catalog. They currently have access to reference databases, including full-text, because of underwriting by the South Dakota State Library. Connection to SDLN will be by dial access or through an Internet Service Provider (ISP). Dedicated connections to SDLN or Internet access through SDLN are not available. Remote Access members elect a representative to the SDLN Advisory Council. For a list of current Remote Access Member libraries, see page 14. This membership category is designed for the library that wishes to participate in the information sharing activities of SDLN, but is fiscally unable to participate in the online catalog and circulation functions.

SDLN User Groups 2002-2003

SDLN has ten user groups. Each one represents a different functional area or membership type of SDLN. The purpose of the user groups is to provide a vehicle for cross communication within SDLN. From the user groups come ideas, suggestions, and concerns for training and improvement. Each user group elects a chair. User groups occasionally convene for in-person meetings, but the bulk of their work and discussion is conducted by conference call, discussion list, and electronic mail. The active participation by SDLN members and staff in all user groups works toward ensuring that all SDLN member library staffs are informed and moving in the same direction. All user groups are advisory to the SDLN Executive Committee that, in turn, makes its final recommendations on enhancements and developments of SDLN to the SDLN Advisory Council.

The SDLN User Group chairs function as a screening committee to help prioritize change requests made by individual member libraries and user groups to SDLN.

The User Groups and their chairs are:
