First All Aggie Commencement Program

BACCALAUREATE SERMON SUNDAY BY CUNNINGHAM

"The Language of Experience" is the topic of the Baccalaureate sermon to be given to the class of 1930. Those who have heard Mr. Cunningham realize too that he is adequately prepared to give a wonderful sermon on such a topic, having graduated from the School of Agriculture in 1918. He received his B. S. degree from State College in 1917. After that he served as recreational director and but secretary in the army. He was also personnel adjutant at the University of Minnesota, following the Armistice, in connection with the S. A. T. C.

For two years he was in charge of an extensive program with students in the School of Agriculture at the University of Minne-

BACANIAEGRADUATING CLASS OF 1930

Class of 1930 Members

Paul Ruby, Zeona. Leona Sharp, Draper.

Franklin B. Shaw, Aurora. Frank J. Schultz, Huron.

Milton L. Will, Millard.

Abdon Yoros, St. Lawrence. Violet Wilson, Akaska.

ALUMNI PROGRAM

Sunday, March 23

Presentation of Class: Andrew Davis, Assistant Principal, Lyle C. Stitt, Class of '29

Presentation of Diplomas to: Hon. Robert Daily

Benediction: David Doner, Class of '17

Postlude March: Selected

Aggie Orchestra
FOUR YEARS OF WORK TO CLOSE

In the fall of 1929 there appeared on State College campus a fleet of young folks seeking an educational smorgasbord. These students were enrolled as freshmen in the School of Agriculture. Four years of our little fleet has been sailing calmly in the harbor, riding the changing waves of high and low, and now, with the closing of the sun of our school career, we are on the edge of reality, the hard task toward the goal of the future.

Computers—Let us resolve ourselves into the men and women who are forth bravely and so live that we may be proud of each other and of the institution we serve; and let us be proud of the whole bunch of us. Let us be patriotic. The young people of the class of 1930 are the future of our country. There is a crying need for men and women who shall have self-discipline and self-sacrifice for the good of their community and fellowmen. It needs citizens who live up to the Golden Rule seven days in a week, who lift the smile of thought and who give to life the combined efforts of their hands and heads.

We are soon leaving the School of Agriculture with deep appreciation of the wonderful institution which has given us. Our characters have been molded by the habits we have formed here. The values of our lives will be guided by the principles taught us.

Education is capital. By investing it wisely we may become factors in the needs of the world, and in the dignity of labor, the toil of the hands as well as of the head. All labor is, or should be, a means, not an end. If your ambition is to increase your happiness or elevate his nature is honorable. It is the hope of the members of the class of 1930 that we may join the ranks of the real workers on the face of the earth. If we live wisely we may become great.

We leave the School of Agriculture with the hope that you will find your way to the good habits we have found here. We ask that you may find your way to the Golden Rule seven days in a week, who lift the smile of thought and to the field of work. We leave our school, feeling of gratitude to the school, mere in the classroom and in outside years here, it will be.

Seniors Win Class Cage Championship

Much interest has been manifested in the recent class conferences. The field of competition in the first game by winning from the sophomores with a score of 18 to 13. In the second game the seniors showed unexpected strength and kept the juniors from scoring a goal, thus winning the game 9 to 3.

The seniors were put to their best efforts to win from the sophomores, and as the sophomores have been winning over-time game, this was the only game they lost.

The next night the sophomores completely outclass the juniors and flashed a victory. This left only the seniors and freshmen unbeaten, to play the final game and so decide the win. This was a fast game and only the great defense of the seniors kept the freshmen from scoring a goal, winning the game 12 to 15.

The freshmen have a strong team and should win the conference next year.

The line-up of the team:

Seniors—Ted Larson, Lawrence Dalman and Bailey; forwards, Alphon Yarness, Farming, Lawrence Delhaan, College.

Vern Hyde, Farming, Richard Darling Diversified Farming, Jacob Roy Preheim, Farming, Oscar O. Larson, Colleges, Farming.

Several Members of Grange to Graduate

This is the time when the seniors will have their last look back on the days of their lives. Many of them will be leaving the Grange. They are Frank Schultz, Edith Dans, Stanley Conkey, Paul Ruby, Leonard Neil, and Ine Black. Frank Schultz, Edith Dans, Paul Ruby, Leonard Neil, and Ine Black were elected the first secretary, and water Mortgage, land, and the fruits of the Graces last year, and this year was Lady Assistant. Paul Ruby was Assistant Steward last year and the first quarter of this year, and Leonard Neil was the second Steward for the first part of this year. Leonard Neil was Steward and Steward last year.

The Seniors who have been active in the work of the Grange work with the Grange in the School of Agriculture. They have all worked hard ever since the Grange was organized, and have helped a great deal in getting the Grange on a solid footing. Those who are left will miss them, and wish them the best of success in their work after they have left the school, and get out into the world to strive for themselves.

Senior Class Will

Four years ago the School of Agriculture brought forth a new class, strangers to liberty and independence. They have been engaged in a great struggle, teaching the world that all classes are created equal. And bid the. When you remember what we said here, and it can surely never forget what we did here, you will still wonder that those who remain behind us might not forget us.

We all join together in saying farewell. Loyal "Dad" Scarbourgh, As most of your know, You're a leader tried and true. One and another, we are going to make the best of you.

We all join together in saying farewell. Loyal "Dad" Scarbourgh, As most of your know, You're a leader tried and true.

We all join together in saying farewell. Loyal "Dad" Scarbourgh, As most of your know, You're a leader tried and true.
NEWS OF CLASSES

THE JUNIOR CLASS

The end of school year is at hand and we find ourselves wondering how we have accomplished during the few months of our Junior year. It doesn't seem to much, thinking back, but it is with regret that we are soon to be Seniors. After all our four life years are in order, and think more of it than we admit, even to ourselves. Those, now joyfully waiting for school to close, will have Brokerings with a many a backward look, a memory of happy times and bygone days that can never be forgotten nor lived again except in memory.

We can proudly say that the Junior class of 1930 has done its share of the work and has represented in every worthwhile activity in the School of Agriculture. Charles Scharf of Freeman, S. Dak. and Gayle Kochenderfer of Albon, Mont., were the two high pressure advocates on the Agr. debated team, and success won their share of the victories. These two boys made several trips this year, among which were trips to Perre, S. Dak., and Morris, Minn. Gayle and Charles will tell you that debating is a lot of fun and time well spent.

Two prominent members of the Junior class played forward on the Aggie baseball team—Irene Sandstrom of Hendricks and Frances Turner of Arlington, S. Dak. Both of these boys were sub, but played good basketball, nevertheless. They will be in the regular team next year and will help bring home a few victories for the old School.

Ida Johnson of Garretson, Loyal Cazac, and Buess of Perre, S. Dak., went to Morris, Minnesota, to compete with the school at that place. Ida won the decision on a dramatic reading. Buess had a humorous reading but just didn't do it. Elna got an error but it seemed as though there was an actor at Morris. Just a little bit better, these two students were fine sports and good losers and we are proud of them.

We have some good shots in the class and Floyd Peter of Conde and Clarence Oppl of Carpenter, S. Dak., had a chance at the papers at the Bonifant and Homestead schools. Floyd won the decision on a dramatic reading. Enola had a humorous reading but just didn't do it. Elna got an error but it seemed as though there was an actor at Morris. Just a little bit better, these two students were fine sports and good losers and we are proud of them.

OFFICERS OF JUNIOR R. O. T. C. UNIT

The non-commissioned officers shown in the above picture have spent considerable time and study at Fort Snelling in the past three weeks. The picture was taken on Wednesday, March 19, 1931. The officers, their assistants and members are shown as follows: Field, Cadet Captain C. G. Hampton, cadet captain C. G.; Theo. Larson, cadet major of Junior unit, Cadet Captain C. H. Norman Bergan, cadet adjutant. Back row, Stanley Conley, second lieutenant; Frank Schultz, second lieutenant; Alvin Hoch, first sergeant; Ulysses O'Neil, second lieutenant, and Paul Ruby, second lieutenant.

Many New Events Are Added to Junior Unit ROTC Program

Military in the School of Agriculture in the past month has had a lot of new important events added to the regular program. These were the results of the Aggies' army training camp held at Fort Snelling on the last two weeks of advanced military instruction. The government pays them 5 cents per mile to and from camp. The mileage allowance is from their homes to camp or in case the camp moves near the close of college work, then from the college work to camp and return. In the latter case they are paid for about 500 miles at 5 cents per mile.

The United States through the war department conducts all military instruction and furnishes all military equipment. South Dakota furnishes the facilities such as grounds, army rifle range, etc., for the junior unit.

The military equipment at State College costs the federal government $500 per student, in addition to freight and cares for the equipment. The cost to the United States was $250 in equipment for the instruction for the school year 1929-30 will be approximately:

Pay for officers, $200.00; pay for free officers and two sergeants of the regular army, $15,600; pay for 60 students, $3,600; pay for 60 students in the camp for 50 days at 30 cents, $3,814; 38 uniforms for first year advanced student, $1,800; Senior students receive $6, $138; mileage to and from Fort Snelling, Minn., for 55 students, $3,000.

Ernest O. Herred, '21, who attended the School of Agriculture in 1921, is a candidate to be an instructor at the University of Minnesota. He is also working for his Ph. D.

ALUMNI PROGRAM

(Continued From Page 1)

The following answered to roll call in classes of '20-'24, five to ten years ago. How many will there be here at the five-year reunion? Ask your alumni friends to come!

Class of '20

Brantly, Richard; Eldred.
Crowell, Alfred; Brookings.
Duff, W. E.; Brookings.
Widdington, W. E.; Hitchcock.

Class of '21

Rickett, William; Eldred.
Brock, Glenn; Hitchcock.
Brown, Lewis; Conkey.
Mills, William; Salisbury.
Gauger, John F.; Clear Lake.
Sloat, Howard; Hitchcock.

Class of '22

Bell, Walter; Brookings.
Brown, Maybel; Yakima.
Bull, Samuel; Harrison.
Burkett, Ernest; W. F. Wells.
Springer, Olie; Springfield.
Chester, Otto; Bruce.
Christian, Wm. W. P.; Watertown.

Class of '23

Boggs, George; Osceola.
Doud, Ralph; Bismarck.
Mrs. Pay Laddusaw; Brookings.
Edmonson, Mrs. Pay; Bismarck.
Falkenhausen, Floyd; Agra.
Fuller, Howard; Naples.
Graham, Gertrude J.; Estherville.
Grieve, Lawrence; Westphalia.

Class of '24

Mrs. Oscar Bergborg; Torrington.
Hansen, P. E.; Vermillion.
Iverson, Milton; Worthington.
Linn, Glenn W.; Rockham.
Lind, W. D.; Rockham.
Lucas, Harry; Redfield.
Lund, Raymond; Postellhome.

Class of '25

McMillan, W. S.; Dell Rapids.
Beaver, W. J.; Dell Rapids.
Piper, Olle; Carpenter.
Reynolds, Orel; Beulah, Wyo.
Robt., Jim; Goodhue.

Ernest O. Herred, '21, who attended the School of Agriculture in 1921, is a candidate to be an instructor at the University of Minnesota. He is also working for his Ph. D.

The officers cannot express in words their appreciation to the reg-ular officers for the hard work and good cooperation they have shown through the past term.

The Aggies are proud of the new cadet for the coming year. Charles Hanson, '31, is a private in the regular corps area inspect to be held on Wednesday, March 19. The officers, their assistants and members are shown as follows: Field, Cadet Captain C. G. Hampton, cadet captain C. G.; Theo. Larson, cadet major of Junior unit, Cadet Captain C. H. Norman Bergan, cadet adjutant. Back row, Stanley Conley, second lieutenant; Frank Schultz, second lieutenant; Alvin Hoch, first sergeant; Ulysses O'Neil, second lieutenant, and Paul Ruby, second lieutenant.
