Collegian Index 2005-2006

Introduction

This index provides subject access to the South Dakota State University *Collegian*. Included are all articles written by the newspaper staff as well as wire-service news stories. Excluded are brief announcements and notices.

This index covers September 2005 to May 2006.

Although this is a computer-assisted index, subject headings are not automatically assigned from key words in headlines. Whenever the headline words do not accurately reflect the content of the article, appropriate subject headings are assigned. Names of the editor, columnists, and staff writers on the opinion page are included in subject headings. Excluded are names of those writing letters to the editor and other reporters.

Subject entries are limited to eighteen characters, including spacing. Thus, abbreviations and incomplete headings are sometimes necessary. For example, Student Association elections are listed as SA-ELECTIONS. A cross reference is made whenever necessary (e.g.: STUDENTS' ASSOCIATION see SA). Place names in subject entries are also abbreviated to save space (cities and states in two letters, countries in three letters) but are spelled out in the notation.

The following abbreviations are used throughout the index:

An asterisk (*) at the beginning of a notation indicates that an illustration accompanies the story.

(L) at the end of a notation denotes a letter to the editor.

(ED) at the end of a notation signifies an editorial.

Whenever space allows, a reporter's name is included in parenthesis at the end of a notation.

Entries are arranged chronologically under each subject heading. The input record is composed of three fields:

1. Subject headings—e.g.: BOOKS
2. A twelve-digit code containing the date (month, day, and year) and pagination (section, page, and column)—e.g.:
01 = January
31 = Day
2006 = Year 01/31/2006
A = Section
03 = Page
1 = Column A031
* = Illustration
3. The headline notation—e.g.: "BOOK RELEASED TO CELEBRATE SDSU'S 125TH ANNIVERSARY"

Thus, an entry composed of the above units would read:

BOOKS 01/31/2006 A031 *BOOK RELEASED TO CELEBRATE SDSU'S 125TH ANNIVERSARY
