Journalism/Mass Communication

Sharpen your communication skills by enrolling in SDSU Journalism courses.

Newswriting and Reporting

Getz MTWTh 11-12:20
MCom 210 1-2:20
3 credits June 14 - July 11

A compact four-week course that will teach you to report and write news stories. It will cover news judgment, interviewing and writing.

Journalism Typography

Van Ommeren MTWTh 8:50-12
MCom 213 July 12 - Aug. 4
2 credits

An intensive two-week course that will teach you how to plan and design brochures, newsletters, advertisements, and newspapers. You will study type selection, do layout and pasteup, and learn how produce printed literature on a Macintosh.

Publicity Methods

Perpich MTTh 8-10:30
MCom 313 11:12-20
2 credits July 3-29

A course that teaches methods of planning and getting publicity for projects or organizations. It includes writing skills for both newspaper and radio. It fulfills the communication elective in a number of university colleges.

Internships

Getz TBA
MCom 495
2-4 credits
This is an opportunity and a requirement for journalism majors to acquire a summer's experience working with the media.

Workshop in Communication

Perpich TBA
MCom 553
1-4 credits

Thesis Sustaining

Van Ommeren & Lee TBA
MCom 790
1 credit

Master of Science Teaching Degree

South Dakota State University has recently been authorized to offer a Master of Science Teaching Degree. This program is specifically designed for secondary school teachers who wish to obtain an advanced degree in a discipline area in the sciences and for teachers who find themselves teaching in areas outside their college majors. The program is built around 1 and 2 credit courses in specific areas of the three disciplines of Chemistry, Physics, and Mathematics. A complete set of courses will be offered during the Summer Session. There will be 8 credits offered in Chemistry, 12 credits in Physics, and 10 credits in Mathematics. The specific courses are listed under the departments in this schedule booklet.

The degree requires 18 credits in the student's major and 6 credits in each of the other two fields in which the major is offered. An additional 5 credits of electives must be taken from the fields of biology, chemistry, education, mathematics, or physics, for a total of 35 credits required for graduation from this non-thesis program. Transfer credits are allowed and are evaluated individually. Students are required to major in one of the three areas of the program but are not allowed to major in the area in which they received their undergraduate degree.

In addition to the courses offered during the summer, it is anticipated that some courses will be offered each semester either in Brookings or in locations throughout the state. For example, during the past year, one 2-credit course was offered in Mitchell during the Spring Semester. Courses will be offered in the future in other locations throughout the state as the demand justifies and adequate travel arrangements can be made.

If you have further questions about the courses being offered or about the program, contact David C. Hilderbrand, Chairman, MST Committee, 121 Shepard Hall, SDSU, Brookings, SD 57007, or call 688-5151.

If you wish to strengthen your background in one of the three disciplines, earn certification credits, or earn a master's degree and if you are a secondary school science teacher, you will find that this program and individual courses are specifically designed to meet your needs.

Short Course Check List:

- Have you been admitted to the University?
- Did you complete the Registration process?
- Have you made your payment?
- Do you have your entry permit?

If you can answer YES to these questions, you are ready for the short course!

New Program for Teachers:

Six Social Science Areas Added to Teacher Education Minor

History, English, Foreign Languages, Geography, Political Science, and Psychology offer special courses for M.Ed. students.

Six departments from the College of Arts and Sciences have scheduled special seminars for students majoring in teaching who are pursuing the Master of Education degree. These courses are designed to fulfill minor or content area requirements.

History, English, Foreign Languages, Geography, Political Science and Psychology have developed a 4-year schedule of courses to allow teachers to complete a minor of at least 8 credits for the teaching degree.

These 6 disciplines join the fields of biology, chemistry, mathematics, physics, sociology and speech to expand the areas in which a teacher may obtain a content area minor during summers.

SUMMER SESSION 1988 OFFERINGS

Workshop:

Developing Self-Esteem

The foundation for positive self-esteem begins with a realistic assessment of one's self-image. Self-esteem can be enhanced by an individual's ability to integrate creativity, communication and compassion into their relationships. Strategies for an integrative process will be

presented. Working from a developmental model, the course will be helpful to teachers and counselors working with children, adolescents and adults. Maximum of 30 students. Advance payment required to reserve a seat.

Enrollment deadline: June 10, 1988

LIMITED TO 30 STUDENTS

Instructor: Robert Pederson M.Ed., Counselor, SDSU

LaVonne Lorenzen, M.Ed., Counselor, Yankton School District

Sat, 8:00 a.m.-12:00

Harmony Hill, Watertown, SD

Special Topics:

Reality Therapy in Schools

This course will provide educators with an overview of William Glasser's concepts of Reality and Control Theory. Participants will learn how to implement and use the discipline model and how Reality Therapy and Control Theory can be used to improve school and classroom climate. In addition, participants will examine Reality Therapy and Control Theory in light of their own professional development.

Editor's Note:

Patti Chance is an instructor in the Division of Education and is Reality Therapy Certified. She has taught in public schools for seven years and has three years of experience as a counselor in a community agency serving troubled youth.

June 24-26, 1988

Pugsley Center 203

Counseling the Victim

Victims of sexual assault (adult and child), domestic violence (perpetrator, recipient and observer), sexual harassment, and child abuse experience varying degrees of violation of their development processes, internal stability and trust. Effective counseling during the crisis and recovery stages of the healing process requires a thorough understanding of the trauma and knowledge about the range of therapeutic skills sometimes required. This class will address the victim's experience with developmental issues, dissociation, post-traumatic reaction, denial and loss of memories about the events as well as identification of the victim and plans of prevention approaches. The class will include lecture, readings, class projects and casework.

Instructor: Mary Helen Hopponen, M.Ed., Instructor of Education, SDSU

CHRD 706, Sec 31R, CRN E1841, 3 credits

Education

Special Topics:

Inservice Training in Biology for Secondary Teachers

This course is directed toward, but not limited to, teachers or prospective teachers with minimal biology background. The primary goal will be to update content knowledge and develop skills of the participants that can be easily implemented in the classroom. Participants will be involved in developing lessons, lab activities, and enrichment activities that are considered to be basic to an introductory biology course. The course will emphasize the following:

- Topics and concepts considered basic to contemporary biology.
- Hands-on lab activities in collection, culture and use of living and preserved organisms in the classroom.
- Preparing chemicals, stains and preservation solutions.
- Observing and interpreting animal behavior.
- Human biology.
- Use of the computer in the biology classroom and laboratory.

Instructor: Gary Peterson, D.A., Professor of Biology, SDSU

Crothers Engineering Hall 204

Working With Exceptional Children

The purpose of the course will be to assist regular classroom teachers to better understand, and therefore more effectively teach, students with special learning needs. The following areas of exceptionality will be primarily discussed: learning disabilities, mental retardation, and behavior disorders. The course will also include short sections regarding hearing impairments, visual impairments, orthopedic or health impairments, speech/language disorders, and the gifted. Regular classroom curricular adaptations and modifications will be included. The course will also meet the guidelines pertaining to the learning disabilities competencies which are to be met by all classroom supervisory educators in South Dakota.

Special Topics:

Learning Styles

A teacher's instructional style can be a major factor in the educational achievement of students. Students' learning styles and teachers' teaching styles can be compatible. This course deals with research findings about learning and teaching styles, examines learning style inventories, and explores how teachers can adapt instruction to promote student success, based on the students' varying approaches to learning.

Effective Teaching: Theory into Practice

This course will provide opportunities for participants to learn additional techniques for use in classroom teaching. The theory underlying the techniques and their uses will also be explored. Emphasis will be on techniques which allow students to gain skills in processing and manipulating information and for participation in social model skills. Opportunities will be provided for participants to analyze, practice, and create the various techniques under study.

Seminar:

Sociology of Education

The objective of this course is to explore the relationships between education and society in the United States. The historical roots of contemporary educational issues will be examined using the tools of sociological perspective of the overall structure of society as well as from the perspective of the school, classroom, and social interaction. Students of social science and education alike will have an opportunity to address issues that will increase their understanding of the processes and outcomes of education in the United States.

Computer Aided Circuit Design

This course is an introduction to the use of the computer as a tool in designing, simulating and analyzing electronic circuits. The software that will be used is I-G SPICE (Interactive-Graphics Simulation Program with Integrated Circuit Emphasis). The interactive graphics feature provides students with almost instantaneous visual feedback, in graphical form, on the circuit being designed. Students will use work stations connected to a PRIME computer. A variety of electronic circuits will be studied. Enrollment limited to 15.

Seminar in Power Systems:

Power Technology in the North Central Plains

The five-day tour beginning May 9, 1988, will include inspections selected from the many unique electric generation, substation, and industrial sites in the three-state area of South Dakota, North Dakota, and Minnesota which make a significant contribution to present electric power technology. Past tour sites have included hydro, steam, and nuclear generation plants; sunflower and wood co-generation plants; the lignite coal fields; DC transmission line terminals, 500 kV AC substations, energy control centers, coal gasification plant, a static var generator, and taconite mining. Approximately 12 tours will be selected and all companies cooperate with the tour by making special presentations on the site. This tour is open to engineering students, high school and university faculty, utility and industrial personnel (recent hires through retirees), journalists, newspaper reporters, public officials, etc. In the past, the interaction between individuals with various backgrounds has proven to be very educational. A trip fee which includes transportation by university vehicle will be charged. Contact Wayne Knabach (688-4625) for further information. Meals and lodging will cost approximately \$175 per individual. One credit (technical elective) for engineering students or for participating engineers may be obtained by payment of an additional \$54.00 tuition fee and performing certain notebook requirements.

Financial stipends to help finance the trip are available to undergraduate engineering students. A minimum of 10 enrollees is desired for this course to be offered. Enrollment deadline is April 19 with payment of fee.

Radio Systems

A study of radio concepts as needed by technicians or hobbyists. The course involves the study of a radio receiver by a functional block diagram concept. Each part of this block diagram is analyzed as to what it does and how it works. Emphasis is on the radio as a unit rather than design concepts. AM and FM receivers are discussed, with most emphasis on AM. A student should have some prior knowledge of electronics, particularly amplifiers. Appropriate for various science and engineering disciplines.

SAS/GRAPH Maps and Graphs

The presentation of data spatially is far superior to table form. It is virtually impossible to inform your audience by just placing your information in tables. This course will give the student the

necessary tools to employ SAS/GRAPH to produce the maps and charts for the presentation of data in a term paper, report, or thesis.

The SAS/GRAPH computer graphics system is a relatively simple program to employ but very powerful in terms of output capabilities. This course will introduce the various programs needed to produce maps of the counties of a state or states, the states of the U.S.A., countries of a continent, or areas of study for individual student needs. The maps can be documented by including several titles and footnotes, as well as customized annotations. Graphs and charts will also be produced.

No prior knowledge of computer usage will be assumed.

Vocal Workshop I and Vocal Workshop II

The students will have an individual voice technique lesson every day which consists of concentrated work on voice technique on a private basis with emphasis on development of the vocal chords, voice placement, breathing and muscle support development. In addition, there will be a master class in vocal repertoire daily. Students will sing several prepared vocal selections and be coached with emphasis placed on diction, style, and interpretation. Repertoire will be chosen on the basis of each student's vocal ability and needs for professional application. When they are not singing, they will attend the classes and observe. There will be a required listening assignment for which a brief written report must be handed in at the end of the week.

This workshop offers one credit per week or two credits for two weeks and will be personalized for student's needs and abilities.

The World Around Us

Aspects of Contemporary French Civilization

(Intensive French Weekend)

Arriving at 5 p.m. on Friday, May 13, 1988, students will spend a minimum of 20 hours speaking and listening to French on various aspects of contemporary French culture, cuisine, economy, geography, Paris, regions and the arts. Graduate students will be immersed in a French ambiance at SDSU. Reading assignments will be provided prior to the weekend and a paper in French will be required following the experience.

Pre-requisite: a minor in French and admission granted in the Graduate School. Send letter of application before April 1, 1988, to: Dr. Ruth Redhead, Department of Foreign Languages, NHE 121A, South Dakota State University, Brookings, South Dakota 57007-0599.

Aspects of Contemporary French Civilization

This course, offered to graduate students, is part of the 1988 Summer Program of Study in France. Persons with an undergraduate minor in French who have been accepted for graduate studies at SDSU may apply to participate in the program by writing Dr. Ruth Redhead in the Department of Foreign Languages, NHE 121A, before April 1.

Participants will spend three weeks in France, where they will visit Paris, Normandy, Brittany, the Loire Valley, and a region of their choice. Activities will include sightseeing, reading, attending a play, keeping a journal, and writing a paper on one aspect of French culture. This experience will provide opportunities to speak and hear French as well as to become familiar with life in France today. The cost of the entire program (travel, room, meals, and tuition) is estimated at \$2000.

Instructor: Ruth Redhead, Ph.D., Professor of French, SDSU

FL 690, Sec 43, CRN W3721, 3 credits

Seminar: **Advanced Regional Studies**

World Geography

This course is being offered in response to needs arising from the state high school geography requirement. Enrollment is open to all geography and social studies educators regardless of grade level taught and to others interested in obtaining a general background or knowledge in geography.

Instruction will emphasize geographic content—the nature, role, and importance of geographic knowledge; basic map and globe skills; both the physical and cultural elements of the earth's varied environments; and the regional concept. Useful materials and teaching strategies will be integrated into the instructional format. The course is developed around six fundamental geographic competencies: understanding basic concepts, the use of geographic tools and techniques, understanding spatial patterns on the earth's surface, understanding spatial relationships between and among physical and cultural features of the global environment, understanding spatial processes, and applying decision-making skills to geographic issues and problems.

Seminar:

Air Photo and Remote Sensing

A mini-course designed to provide a background for teachers to explore how they might utilize imagery in the classroom to enhance their students' learning experiences. The course will provide a background on the nature of the imagery, its many applications, interpretation techniques, and equipment utilization. Both regular aerial photographic and satellite imagery will be utilized.

Instructor: Maynard Samuelson, M.S., Assistant Professor of Geography, SDSU

Geog 506/606, 1 credit

MTW, 8:30 a.m.-4:30 p.m.

June 13-15, 1988

Sioux Falls, Grinde Hall, South Dakota School for the Deaf

Seminar:

Aerial Photography

A mini-course designed to develop skills in the interpretation and utilization of aerial photographic imagery. The course will provide a background on the nature of the aerial photographs, their many applications, interpretation and equipment utilization techniques.

Instructor: Maynard Samuelson, M.S., Assistant Professor, Geography Department, SDSU

Geog 506/606, Sec 43R, CRN W4145/W4146,

MTW, 8:30 a.m.-4:30 p.m.

June 20-22, 1988

Wecota 02

Seminar:

Remote Sensing

A mini-course in the applications of remote sensing. Concentration will be focused on satellite imagery including ultraviolet, visible, infrared, and radar. Techniques will be discussed that will aid in the determination of need and proper utilization of our physical and cultural resources.

Instructor: Maynard Samuelson, M.S., Assistant Professor, Geography Department, SDSU

Geog 506/606, Sec 44R, CRN W4147/W4148,
1 credit

MTW 8:30 a.m.-4:30 p.m.

June 27-29, 1988

Wecota 02

Special Topics:

Advanced Earth Sciences

An advanced course in the earth sciences. Students should have a background in physical geography. Topics include geodesy, surveying and mapping, astronomy, atmospheric sciences, climatology, oceanography, the earth's interior and crust, seismology, underground worlds, volcanology, glaciology, landforms made by waves, running water and wind, physiographic regions of North America and natural disasters.

Instructor: Lee Opheim, Ph.D., Professor of Geography, SDSU

Geog 493, Sec 31R, CRN E4133, 3 credits

MTWR, 10:45 a.m.-12:00 noon

Wecota 06

Textiles and Design

Special Topics:

Historical Houses: Preserving the Past

The short course will focus on historic preservation of homes. It will cover evaluation of existing conditions, how to go about the restoration process, resources available and documenting the process. Guest speakers and field trips to local historical homes will be included as part of the course.

Instructor: Josie L. Yost, M.A., Associate Professor of Textiles, Clothing, and Interior Design, SDSU

ID 493, Sec 41R, CRN W9256, 1 credit
MT 7:55-12:00, 12:45-3:25, W 7:55-12:00
June 13-15, 1988
Nursing-Home Economics 335

Special Topics:

Conservation and Preservation of Historic Textiles and Clothing for the Small Collector

This course is designed for those individuals who are interested in the conservation of historical clothing and textiles. Persons from local historical societies, small collectors and those genuinely interested in the preservation and restoration of the local heritage in regards to clothing and textiles are invited to study. During this short course you will learn techniques and procedures used in maintaining small collections (cataloging, accessions, acquisitions, storage). You will also learn (hands-on) techniques used in the preservation and restoration of historic artifacts as well as exhibition techniques and guidelines.

Instructor: Lisa Hallberg, M.S., Instructor of Textiles, Clothing and Interior Design, SDSU

TC 493, Sec 41R, CRN W9209, 1 credit
W 12:30-3:25, ThF 7:55 a.m.-12:00 noon and

Nursing-Home Economics 453

Design Fundamentals

Exploration of two-dimensional design concepts and media including computer graphics, video, photography, and traditional art media. Students will be directed through a series of exercises culminating in a final design project. No prior experience required.

Instructor: Michael Steele, M.F.A., Assistant Professor, Visual Arts

Arts 122, Sec 31R, CRN E0652, 3 credits
MTWTh, June 14-Aug. 4, 1:00-4:00 p.m.
Solberg 118W

Three Dimensional Design

Theory and practice of three-dimensional design using "found object" fabrication, hand-made paper, hand-building in clay, low-relief and high-relief sculpting, and working from the live model in clay and plaster. No prior experience required.

Instructor: Michael Warrick, M.F.A., Assistant Professor, Visual Arts

Arts 123, Sec 31R, CRN E0653, 3 credits
MTWTh, June 14-July 11, 8-11 a.m., 12-1:45 p.m.
Industrial Arts 11R

BRING YOUR SOCIAL SECURITY NUMBER TO REGISTRATION.

Short Course Check List:

- Have you been admitted to the University?
- Did you complete the Registration process?
- Have you made your payment?
- Do you have your entry permit?

If you can answer YES to these questions, you are ready for the short course!

This America

Selected Principles of the United States Constitution

The Political Science Department will offer graduate courses during the next four summers. These courses will be of particular interest to secondary school civics and government teachers.

Summer '88, three courses will be offered. Students may receive 1-3 credits, depending upon the number of courses taken. A separate legal theme of the United States Constitution will be presented each week.

United States Constitutional Provisions for Decentralization of Power

The provisions under this theme will concern separation of powers, checks and balances, bicameralism, and Federalism.

Instructor: Robert Burns, Ph.D., Professor, Political Science, SDSU
PoIS 560/660, Sec 41R, CRN W8237/W8238,
1 credit
MTWThF, June 13-17, 1988, 12:45 p.m.-3:30 p.m.
Rotunda B

United States Constitutional Protection of Individual Liberties

Theme 2 will focus on the substantive individual guarantees of the 1st and 14th Amendments. Freedom of expression and association, free exercise of religion and protection from the establishment of religion will be studied. The selective incorporation process or nationalization of the Bill of Rights will also be studied under this theme.

Instructor: Robert Burns, Ph.D., Professor, Political Science, SDSU
PoIS 560/660, Sec 42R, CRN W8239/W8240,
1 credit
MTWThF, June 20-24, 1988, 12:45 p.m.-3:30 p.m.
Nursing-Home Economics 127,

United States Constitution: Due Process and Equal Protection

Equal protection of the law under the 5th and 14th Amendments of the United States Constitution will be the theme of the third week. We will consider changing equal protection constitutional standards and also differences between constitutional prohibitions against discrimination and modern statutory prohibitions.

Instructor: Robert Burns, Ph.D., Professor, Political Science, SDSU
PoIS 560/660, Sec 43R, CRN W8241/W8242,
1 credit
MTWRF, 12:45 p.m.-3:30 p.m.
June 27-July 1
Nursing-Home Economics 159

Topics:

America at War, 1898-1974

An analysis of the military art as practiced by the United States from the Spanish American War through the war in Viet Nam. This course will explore the various American wars in the Twentieth Century and the relationship of the armed forces to American society. It is designed especially for teachers who wish to incorporate military history in their American history surveys. Participants will have access to bibliographic information concerning the entire American military experience and have the opportunity to study and discuss the campaigns and battles that are usually given short shrift in the textbooks.

Instructor: Jerry K. Sweeney, Ph.D., Professor of History, SDSU
Hist 560/660, Sec 21R, CRN S5047/S5048,
3 credits
MTWThF, 9:20-11:20 a.m.

Conversion to the Integrated Student Information System (ISIS) has resulted in new regulations. Registration after the first day of all short course classes will result in a \$10 late fee. There will be no exceptions. NO SHOWS will not be an automatic drop. Students must complete a drop slip in PC 201 or receive an F for the class.

Short Course Check List:

- Have you been admitted to the University?
- Did you complete the registration process?
- Have you made your payment?
- Do you have your entry permit?

If you can answer YES to these questions, you are ready for the short course!

BRING YOUR SOCIAL SECURITY NUMBER TO REGISTRATION.

Are you on ISIS? See page 67.

Summer Camps

Jackrabbit Summer Sports Camps

Lifesaving Workshop	May 27-29
Water Safety Instructor's Workshop	May 29-June 2

Girl's Basketball Camp	June 12-16
Dance Workshop	June 12-17
Boy's Basketball Camp	June 19-23
Student Athletic Training Workshop	June 20-22
Wrestling Camp	June 26-30
Position Camp	July 5-7
Football Camp	July 10-14
Baseball Camp	July 18-20
Cheerleading Camp	July 24-27
Cross Country Camp	July 24-29

For more information on these summer camps, contact HPER Office, SDSU, (605) 688-5625.

MUSIC CAMPS

Music Camp—Brass	June 12-17
Music Camp—Percussion	June 12-17
All-State Music Camp	June 12-17

For more information on these Music Camps, contact Music Department, SDSU, (605)688-5187.

SCIENCE CAMP

1988 Science, SDSU Summer Science Camp for Students, June 6-10, 1988
13-18 years old, interested in science and science/computer related topics.

For more information on the Science Camp, contact Jerry Myers, Professor, Biology Department, P.O. Box 2207B (605) 688-6141.

Music Camps

Yellowstone Jazz Camp

Musicians 13 to 80

Yellowstone Jazz Camp will offer you the chance to live and work closely with experts in jazz performance and education, surrounded by the Rocky Mountains near Cody, Wyoming. The camp is nestled in the Beartooth Mountains of the Absaroka Range on Dead Indian Hill, just a few miles from the summit overlooking the spectacular Sunlight Basin. The camp has 12 cabin units in three buildings with a lodge adjacent to the buildings. The property is adjacent to Yellowstone National Park.

A Directors' Course is offered by Dr. Warren Hatfield, professor and chair of the SDSU Music Department. Topics include jazz improvisation, theory, ensembles, jazz techniques and literature. Directors are invited to play in the Faculty Big Band which will perform during the week and be featured in a Saturday performance, July 16, during the Summer Jazz Festival in Cody.

Students will participate in theory, jazz improvisation, master classes and sectionals and will perform on Friday afternoon. Noted jazz musicians from around the nation will provide instruction and the master classes.

For more information, please contact Dr. Hatfield, 688-5187, or the Office of Summer Session, 688-5193.

Instructor: Warren Hatfield, Ph.D., Professor of Music, SDSU

Mus 595/695, 1 credit

MTWRF, all day

July 10-15, 1988

Total cost \$275.00 includes credit, lodging, meals, workshop fee.

All-State Music Camp

For students in grades 8-12. Study in choral, orchestra, band, jazz ensemble and dance. Nationally known conductors and instructors.

June 12-17, 1988.

For further information contact: Darwin Walker, Ph.D., Professor of Music, SDSU, (605) 688-5187.

Julie Bell, M.S., Assistant Professor, Home Economics
David Hilderbrand, Ph.D., Professor of Chemistry
Darrell Jensen, Ph.D., Dean of Education
Rex C. Myers, Ph.D., Dean of Arts and Sciences
David Piersel, Ph.D., Professor of Music
Donna Ritter, M.N., Associate of Professor of Nursing
John Taylor, Ph.D., Professor of English
Lois Widvey, Ph.D., Professor of Education

Produced by University Relations

Janet Blank-Libra, editor
Virginia Coudron, graphic designer

Short Course Check List:

- Have you been admitted to the University?
- Did you complete the Registration process?
- Have you made your payment?
- Do you have your entry permit?

If you can answer YES to these questions, you are ready for the short course!

ADMISSION TO SUMMER SESSION

Students applying for any Summer Session course, including short-courses and workshops should send the application in at least two weeks before the course begins.

Students Pursuing A Degree

Returning Students--those who attended SDSU during spring 1988 do not complete any additional processes. See. Registration procedures of this schedule for further details.

New and Transfer Students--those who have not attended SDSU the previous semester submit the application form (back cover of this schedule). Include a nonrefundable \$15 application fee if you have not previously attended SDSU. An admission letter including registration details will be forthcoming.

Readmit Students--those who attended SDSU prior to spring 1988 submit the application form (back cover). An admission letter including registration details will be forthcoming.

Summer-Only Graduate Students

If you already have a bachelor's degree, and you do not plan to work toward a graduate degree, you may enroll as a special student. All you need is certification that you have a bachelor's degree from an accredited institution. Complete the application form on the back cover of this schedule and the Certification of Bachelor's Degree form. You will receive an admission letter with instructions on how and where to register.

High School Students

Students who have not graduated from high school may participate in courses offered during the summer. Contact the Admissions Office for application details, Administration 200, 688-4121. An application, approval from the student's high school counselor and a high school transcript are required.

Non-Degree Students

Students do not need to have a degree objective to participate in Summer Session. Complete the application form on the back cover. Registration details will be forthcoming.

Recommended Application Deadline-- May 20, 1988

New undergraduates who have not applied prior to deadline should report to Admin. 200 on June 13, 1988, prior to their scheduled registration time. Graduate students should report to Admin. 130. Students applying after the recommended deadline should expect some delays in receiving their registration materials.

Early Registration

(for all continuing students)

1. Report to Lifelong Learning and Summer Session, Pugsley Center, after completing your registration in the Christy Ballroom for Fall 1988.
2. Summer session staff will enter your requests on ISIS and give you a printed schedule.

You will need your Fall 1988 Registration Control Card and your adviser approved, written Registration Request Form (RRF) for summer to early register for summer session 1988.

**BRING YOUR SOCIAL SECURITY
NUMBER TO REGISTRATION.**

Registration Procedures

Session	Who	Where	When
Early registration	All Students enrolled in spring 1988 If you early registered but do not plan to attend, you must notify the Registrar's office prior to June 6, 1988.	Pugsley Center, Room 201	April 12-15; April 18-22 8:00-12:00 and 1:00-5:00 (Report after completing registration for Fall 1988.)
Workshops and Short Courses	All students	Pugsley Center, Room 201 or telephone 688-5193	Two weeks prior to the beginning of the class
Main Session	New undergraduate students not previously admitted	Adm. 200	Monday, June 13, 8 a.m. to 4 p.m. See Alpha Schedule prior to registration time.
	New undergraduate students and readmitted undergraduate students who received an admission letter	Intramural Bldg.	Monday, June 13, 8 a.m. to 4 p.m.
	All undergraduate students who attended Spring 1988 including continuing early registered students	Intramural Bldg.	Monday, June 13, 8 a.m. to 4 p.m.
	Graduate students who attended Spring '88	Intramural Bldg.	Monday, June 13, 8 a.m. to 4 p.m.
	Graduate students not covered above	Adm. 130	Monday, June 13, prior to scheduled registration time
Late Enrollment	Undergraduate students	Adm. 208	Tuesday, June 14, 7 a.m. through June 17, 4 p.m.
	Graduate students	Adm. 130	
Second 4-Week Courses	All students	Adm. 208	Monday, July 11, 7 a.m. to 4 p.m.

REGISTRATION SCHEDULE, Summer Session, June 13, 1988

8:00- 8:30	Aa-Be	12:00-12:30	Ma-Mi
8:30- 9:00	Bf-Ce	12:30- 1:00	Mj-Oi
9:00- 9:30	Cf-Do	1:00- 1:30	Oj-Oz
9:30-10:00	Dp-Ge	1:30- 2:00	Ra-Sc
10:00-10:30	Gf-Ha	2:00- 2:30	Sd-St
10:30-11:00	Hb-Je	2:30- 3:00	Su-Uz
11:00-11:30	Jf-Kr	3:00- 3:30	Va-Wi
11:30-12:00	Ks-Ly	3:30- 4:00	Wj-Z

Registration Steps—June 13: Not Early Registered (but Admitted or Continuing)

1. Report to Intramural Bldg. at scheduled time
2. Report to Dean in the center of the Intramural Bldg. to complete Registration Request Form
3. Report to Registration Terminals
4. Receive printed schedule and invoice
5. Make tuition and fees down payment at cashier's station. Pick up activity ticket and partial payment receipt.
6. If necessary, complete vehicle registration card and purchase decal at designated table.
7. If necessary, stop at Housing table to arrange residence hall accommodations.
8. Veterans eligible for benefits, stop at Veteran's table.

If Early Registered

1. Report scheduled time
2. Adjust at terminals if needed
3. Receive schedule and invoice

4. Make tuition and fees down payment at cashier's station. Pick up activity ticket and partial payment receipt.
5. If necessary, complete vehicle registration card and purchase decal at designated table.
6. If necessary, stop at Housing table to arrange residence hall accommodations.
7. Veterans eligible for benefits, stop at Veteran's table.
8. If you early registered but do not plan to attend, you must notify the Registrar's office prior to June 6, 1988.

Late Registration

1. Pick up materials as follows:
Undergraduate Students Adm. 200
Graduate Students Adm. 130
2. Visit dean of your major college for adviser assignment.
3. Complete registration request form and obtain ADD slips from your adviser for every course you are entering.
4. Report to departmental offices for signatures verifying ADD approval for each course.
5. Report to Adm. 208 for data entry and receipt of printed schedule.
6. Make tuition fees down payment at Cashier's Office, Adm. 218.
7. If housing is needed, visit the Housing Office, Wecota Hall, for assignment and payment.
8. Last day to ADD—June 17, 1988—4 p.m. or July 15, 1988—4 p.m., for second four-weeks classes.

What It Will Cost

Charge (as of 3/1/88)	Purpose	Description
\$15.00	Application Fee	If you have already taken classes at SDSU, you have already paid this fee. It is assessed only once.
Tuition—The status of summer school funding is still undetermined at the time of publishing this schedule. Tuition charged for classes (either state support or self support) will be announced at registration June 13. For purposes of estimating your tuition and fees, please use the self-support rates. Note: We expect a 3% increase in tuition as of May 9, 1988.		
Tuition—Self Support		
\$48.00/credit	Undergraduate self-supporting course	Regular tuition is charged for Audit options. Fellows and graduate assistants receive no reduction.
\$59.00/credit	Graduate, self-supporting course	Senior citizens (65 years and older) pay one-fourth the tuition cost. No residence required.
\$24.00/credit	National Guard undergraduate	Prior National Guard approval required. (Due, Registrar's Office, June 17, 1988)
Tuition—State Support* *There may be a tuition increase of at least 3% per credit hour effective May 9, 1988.		
\$35.50	Undergraduate, resident	Minnesota residents may also qualify for resident tuition reciprocity. Obtain forms in Adm. 314.
\$53.00	Graduate, resident	Fellows and graduate assistants pay only one-third of the resident tuition rate.
\$49.10	Minnesota, Reciprocity Undergraduate	
\$53.00	Minnesota Reciprocity, Graduate	
\$81.00	Undergraduate, non-resident	Regular tuition is charged for Audit
\$104.00	Graduate, non-resident	Senior citizens (65 years and older within the 1988 calendar year) pay one-fourth of the tuition cost.
\$17.75	National Guard undergraduate	Prior National Guard approval required. (Due Registrar's Office, June 17, 1988)
Fees—Subject to revision		
\$6.50/credit	General University Fee	This fee, maximum \$58.50; goes to maintain the Health Service, the Student Union, tennis courts and other facilities not directly connected with instruction. Interim and workshop/short course registrants will not be charged this fee. Also not charged for sustaining thesis students: Optional for SDSU employees enrolling in courses, if they complete Employee Benefit forms obtained in Personnel Office. For information on all employee benefit options contact Personnel (688-4128). Completed forms are due in the Registrar's Office June 17, 1988.
\$12.50/course	Engr/Science Lab Fee	Engineering, Chemistry, Biology, Microbiology, Home Economics, Pharmacy, and Geography Laboratory courses to defray costs of lab equipment, supplies, etc.
\$9.50/credit	Engr Education Fee	All students enrolled in designated Engineering courses to fund supplemental salaries for faculty members of the College of Engineering and to maintain and further develop program quality.
\$10.50/credit	Instructional Administrative Service Fee	Covers auxiliary service to the instructional process, such as audiovisual, copy center, etc. Will be charged to interim and workshop/short course registrants. Also charged to all summer school credits. Faculty/Staff auditing courses are exempt if employee benefit forms are completed.
\$6.00/credit	Delivery Fee	Self-supporting courses only (if necessary).
\$10.00	Late Registration Fee	Penalty assessed beginning June 14. Workshops and short courses exempt.
\$10.00 plus \$1/day	Late Payment Fee	Penalty assessed beginning June 29 (first day after final fees) to \$20.00 maximum.
\$75.00	International Students	For new international students, assessed only once.
\$7.50	Vehicle Registration	No carry over from 87-88 sticker. Required of all enrollees who wish to park on-campus.

Various

Some activities and laboratory courses may require special fees. Check with the appropriate department.

\$3.00/Week

Health Service Fee

Payable first class meeting for workshop and short course participants. No retroactive enrollments accepted. Summer Session only.

Negotiated

Hosted Foreign Students Fee

For those foreign students who come to SDSU under a contractual arrangement that requires special administrative and programming arrangements beyond those of the regular academic program, a special administration or programming fee will be negotiated.

\$20.00 plus face value and certified letter charge

Returned check

Any issuer of a check written to the University which is not honored.

Minimum Down Payment

At the time of registration (June 13), students should be prepared to make a down payment toward their total tuition and fees for Section 1-, 2-, 3-classes in which they enroll. The following schedule will be used to determine the down payment:

No. of credit hours enrolled	Down Payment
0-1.0	\$ 50.00
2-3.9	100.00
4-6.9	200.00
7 & up	250.00

Total tuition and fees for workshops and short courses (sections beginning with 4 or 5) will be due no later than the first day of the class.

Final Fee Payment

Final payment will be due June 28 and will be collected in Adm. 102 from 8 a.m. to 3 p.m.

Payment Options

Students may pay for their enrollments via any one of the following means:

Cash Visa Grant/Scholarship Check Mastercard

Health Service Fee For Workshops and Short Courses

Participants in workshops and short courses who desire to obtain health service benefits during Summer Session should enroll for these benefits the first morning of the workshop or short course. The fee is \$3 per week per student. The Summer Session Office (PC 201) will handle the arrangements.

Short Course Check List:

_____ Have you been admitted to the University?

_____ Did you complete the Registration process?

_____ Have you made your payment?

_____ Do you have your entry permit?

If you can answer YES to these questions, you are ready for the short course!

BRING YOUR SOCIAL SECURITY NUMBER TO REGISTRATION.

Are you on ISIS? See page 67.

Other Information

Add-Drop

See Change of Program

Auditor

The regular tuition per credit will be charged for auditing a course. Full-time employees, after one year of full-time employment, will not be charged tuition or general university/activity and instructional fees to audit a state-supported course if they complete the Employee Benefit forms from Personnel Office and submit to the Registrar by June 17. Other special fees may be assessed to auditors. Fellows, graduate assistants, research and teaching assistants will not be charged tuition to audit state-supported courses but will be assessed general university and instructional fees. (See auditing courses for registration procedure.)

Self-support delivery does not permit exemption from payment.

Auditing Courses—Procedure

Registration as an auditor must be accomplished by using the add slip procedure after registration day.

Credit-to-audit changes will be allowed through the normal drop period.

Audit-to-credit changes will be allowed through the normal add period.

Audit credits will not be counted as a part of the student's load for figuring full-time student status. A grade of satisfactory ("AUP") or unsatisfactory ("AUF") will be designated by the instructor. These grades are normally based on class attendance.

Cancelled Class

If a class is cancelled, the student has two courses of action: (1) Substitute another class for the cancelled one (use change of program procedure) or (2) Drop to remove from record. Both processes are handled in the Records Office by drop/add slip, Admin. 208.

Change of Program

Change of program (dropping or adding a class) can be accomplished June 14-17, 1988, at Admin. 208 from 8 a.m. to 4 p.m. Students should obtain the appropriate form from their adviser or major department and obtain needed signatures before proceeding to Admin. 208. Any additional fees due (add slip) will be payable at the time of final fees payment (June 28). Refunds, if any, will be adjusted at the time of final tuition and fee payment, June 28.

Change of program for classes beginning July 12 or later can be accomplished at Admin. 208 from 8 a.m. to 4 p.m. during July 12-15, 1988.

Graduate students should secure Graduate School approval before adding or dropping a class (Admin. 130).

Dropping a Class With No Record

Following is the schedule to drop an individual class without any grade appearing on the student's permanent record card. Students should use the "Drop" procedure under "Change of Program." **Ceasing to attend is not a "Drop" and will result in a grade of "F" being assigned.**

Last day to drop a 4-week course

a. Meeting June 14-July 11 Wednesday, June 29

b. Meeting July 12-Aug. 5 Wednesday, July 27

Last Day to drop an 8-week course

a. Meeting June 14-August 5 Friday, July 20

Last day to drop a workshop

or short course - Before 69.4% of instruction is completed.

No refunds available at these times.

Note: Dropping **all** classes constitutes a withdrawal and is subject to the scale of withdrawal charges. (If you only have one course and drop it, that is a withdrawal.)

Maximum Enrollment Limitations

Normal course load is 4 credits for a 4-week session, with a maximum of 5. For the 8-week session, normal course load is 8 credits with a maximum of 9.

Pass-Fail Electives

Students following the Bachelor's program have the option of enrolling in up to 20 credits of pass-fail elective courses.

1. These credits must be outside the student's major and may not satisfy University, College, or Departmental specific course requirements.
2. Enrollment must be specified at the beginning of the semester by Add slip registration after registration day. Add slip should carry notation **pass-fail elective**.
3. A student may change from pass-fail elective to credit during the normal Add Period. A student may change from credit to pass-fail elective during the normal Add Period.
4. The course must be satisfied in the normal manner; the student is responsible for attending class, taking exams, completing assignments, etc.
5. The student will be required to take and receive a grade in all exams. These grades may direct that a mid-term deficiency report be sent and may result in a final grade of "P" (Pass) or "F" (Fail).
6. The grade received, whether "P" or "F," will be recorded on the permanent record. A "P" will not count in the computation of the semester or the cumulative grade point average. An "F" will calculate in both places. If the course is passed, the credits and two times the number of "C" grade points will be counted in the graduation ratio.
7. Colleges may further restrict the Pass-Fail credit option.

Refunds/Charges

- A. Cancelled classes: Full refund included in calculation of student's final fee payment unless another class is substituted. Note: A student must officially drop a cancelled class to prevent an "F" on the permanent record card. Contact Registrar's Office, Admin. 208.
- B. Dropped class: A class can be dropped without charge until June 17, 1988, (4 p.m.). No refunds thereafter. Dropping all classes constitutes a withdrawal. See "C" below.
- C. Withdrawals from the University: Charges will be payable according to the scale under Withdrawal below. Contact withdrawal officer, Adm. 208, for information and help.
- D. Short Courses: No refunds after enrollment deadline (usually 2 weeks before first meeting).

Course Numbering;

001-099	Non-credit (pre-college or remedial)
100-599	Mainly for undergraduates
600-699	Graduate students, undergraduates by permission from Graduate School, Office, Admin. 130.
700-above	Graduate students only

Section Identification

Section designations beginning with	Meeting Schedule
1	First four weeks—June 14-July 11
2	Second four weeks—July 12-August 5
3	Eight weeks—June 14-August 5
4	Short course—offered for less
5	than 4 weeks within the time span of the 8-week session

Withdrawal

A student who withdraws is one who totally leaves the University for the given academic period. Persons wishing to withdraw totally from the Summer Session should contact the withdrawal officer, Admin. 208. Scale of charges for withdrawals:

- 50% tuition retained within first week
- 100% tuition retained after the first week
- Workshops—no refunds

Food Service

Meals will be served at the University Student Union Cafeteria, Monday through Friday. You may pay cash or if you are living in a residence hall or are part of a special group, you may purchase computer cards at a small savings.

Veterans' Certification

Veterans should stop by the Veterans Service Office, Admin. 108, at least 45 days prior to the start of the Summer Session to ensure accurate completion of paperwork. This includes Chapter 106 (National Guard and reserve) personnel wishing to use their benefits. You are also required to contact the Veterans' Advising Table at registration to confirm credits and enrollment. National Guard half-tuition must be filed with Registrar, Adm. 208, by 5 p.m., June 17. Requirements for full-time benefits are normally as follows:

	Credit Hours
a. For the 8-week session	6 undergraduate* 5 graduate
b. For the 4-week session:	3 undergraduate* 3 graduate

*and 600 minutes per week **every** week (Laboratory periods are counted at only half the time actually spent.)

Health Service Availability

The SDSU Health Service will be available for student needs during Summer Session 1988, from 7 a.m. to 4 p.m. Health Service will close following Summer Session until the beginning of the fall semester. After-hours service can be obtained from the Brookings Hospital. International students are expected to have medical insurance coverage. Check at Student Health Clinic for details.

Are you on ISIS? See page 67.

Student Short Course Registration Instructions

1. All students must apply and be admitted to the University before registering for a short course. To save time and frustration, return the form provided in the back of this book to **Adm 208 two weeks before the class begins.**
2. Students who were not enrolled in SDSU classes in spring '88 must complete the admission form on the back page and mail it to the address indicated before May 30, 1988.
3. Early registration for the course may occur in several ways. **This process must be completed one week before class begins.** Select the most convenient option:
 - a. Complete the registration form in the back of the book and return it to the Summer Session office, PC 201.
 - b. Call (605) 688-5193.
 - c. Stop in the Summer Session office, PC 201. Register in person.
 - d. Students enrolled during spring '88 may early register April 12-15, 18-22 in PC 201, 8:00 a.m.-4:00 p.m.
4. If you are unable to register before the short course begins, registrations will be accepted in Adm 208, Monday 7-10 a.m. each week short courses begin. Registration at any other time must take place in PC 201.
5. Payment in full must be made at time of registration. Credit cards (Visa and MasterCard), cash and checks are accepted.
6. Obtain the computer printout of your registration in PC 201 or Adm. 208 on Mondays. This serves as an entry permit to the class. It will be used to verify your registration.
7. Advance registration is appreciated. This saves time and energy for everyone.
8. Students needing to drop a course must complete and return a drop slip, available in PC 201; "No Shows" will no longer be automatically dropped from the class roll. **If you registered, you must drop the class, or you will receive an "F."**
9. Enjoy the class.

Short Course Check List:

- Have you been admitted to the University?
 Did you complete the registration process?
 Have you made your payment?
 Do you have your entry permit?

If you can answer YES to these questions, you are ready for the short course!

Single rooms are not guaranteed. Single room requests will be processed on a first come, first served basis.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both primary and secondary sources, as well as the specific techniques employed for data processing and statistical analysis.

The third part of the document presents the results of the study. It shows a clear trend in the data, which is consistent with the initial hypothesis. The findings are supported by statistical tests and are presented in a clear and concise manner.

Finally, the document concludes with a summary of the key findings and a discussion of the implications of the results. It suggests that the findings have significant implications for the field and provides recommendations for further research.

South Dakota State University

Graduate Student Certification of Bachelor's Degree

Students wishing to enroll in graduate courses must have completed a bachelor's degree from an institution of recognized standing (regional accreditation) and be admitted to the Graduate School at South Dakota State University.

Regular on-campus students are required to complete an application, pay an application fee of \$15 and be admitted prior to admission to any graduate course. Students enrolling through Lifelong Learning & Outreach (LLO) are exempt from the application fee if they are not pursuing a graduate degree but must be admitted to the Graduate School.

This can be accomplished by completion of the Graduate School Application form or Credit Registration-Off-Campus form available from LLO and by Certification of a Bachelor's Degree.

You must complete the information below so that we may obtain certification of your bachelor's degree from the institution awarding the degree. You may be administratively withdrawn from graduate courses if you are not admitted to Graduate School. If a graduate course is completed without admission to Graduate School, it will not be approved for use on a Plan of Study for a graduate degree at South Dakota State University. All graduate students are responsible for compliance with the regulations in the Graduate Bulletin.

This form must be completed and submitted with your registration form at the time you first enroll in a graduate course. Please complete the following information for forwarding to the institution awarding previous degrees: (PLEASE PRINT)

Name _____ Date _____

Address _____ Birth Date _____

(Any other or former names) _____ Social Security Number _____

Institution, address: _____ Degree earned: _____ Dates attended: _____

This is to certify that the above student was awarded the following degrees (to be completed by Registrar):
