# Early Registration for Fall 2006

---

## 1. What is the timeframe for early registration for Fall 2006 classes?

Early registration priority dates for Fall 2006 have been scheduled to begin, on April 3 and end on April 28.

## 2. How do I know when I can begin to register for classes?

- A.
- Go to WebAdvisor: <https://wa-sdsu.state.sd.us/webadvisor/>
  - Click on WebAdvisor for Students
  - Click on Registration Time Inquiry
  - Log in for a display of your registration day and time
  - Select the Term—Your registration information will display
- B. Undergraduate students will pick up their advising document from their academic advisor. The priority registration date is provided in that document. Graduate students will pick up their information from the Graduate School in SAD 130.
- C. You will be sent an e-mail containing your priority registration date. The email will be sent to your SDSU Jacks email address.

## 3. Once my registration priority date begins, can I register for classes on WebAdvisor anytime?

Yes. Once your two-hour block arrives, you can register or adjust your schedule through September 7, 2006.

## 4. How can I get access to the most current course schedule?

The printed course schedule becomes outdated as soon as it goes to print. Changes are ongoing. To receive the most current course schedule for Fall 2006, go to:

- <https://wa-sdsu.state.sd.us/webadvisor/>
- Click on WebAdvisor for Students
- Click on Search for Classes

## 5. Do I need to go to see my academic advisor before I can register?

Undergraduate students in a degree program need to meet with their academic advisor before they can register. This does not apply to graduate or special students. You will want to make an appointment with your academic advisor before you are scheduled to register. There is an advising hold placed on your registration that will be released once you meet with your advisor.

## 6. What happens if I have some type of administrative hold?

In many instances, an administrative hold will prohibit you from being able to register for classes. The Advising document that you receive from your advisor should identify most holds that you have. You will need to work with the appropriate administrative office to have the hold removed. Holds that have been entered by other state institutions could also keep you from registering.

## 7. Are there any new holds that I should know about?

Students who have not fulfilled the ENGL/MATH pre-gen ed requirements within the first 30 credit hours attempted will have a restriction placed on their registration prior to pre-registration for Fall 2006. If this happens, you should register for the required ENGL/MATH requirements within the next 12 credit hours attempted. If you do not fulfill the requirements after 42 credit hours have been attempted, you may only be allowed to register in the ENGL/MATH requirements. Students transferring from non-regental institutions must enroll in pre-general education courses during the first semester of attendance.

### The following students will also have restrictions placed on their registration:

- Students who have not completed 30 credits of General Education requirements within the first 64 credit hours.
- Students who have not completed 18 credits of General Education requirements within the first 48 credit hours.
- Students who transferred more than 18 credits to SDSU and have not completed 18 General Education credits within the first 30 credits at SDSU.

See page 49 of the 2005-2006 SDSU Undergraduate Catalog.

## 8. When can I register if I am a special student who has been accepted?

You can register for classes from April 29 through September 7.

# SDePay — eBilling & ePayment Services

---

SDePay's electronic billing (eBilling) & payment (ePayment) is being offered to students by South Dakota State University as a new service. All currently enrolled students will be moved to the electronic billing process and no paper bills will be mailed. All tuition, fees, housing, food service and miscellaneous charges to student accounts will be on the eBilling system and can be viewed on SDePay's secure website via the Internet.

Students will receive a notice in their University assigned "Jacks" email account when their SDePay bill is ready to be viewed online. The online statement will detail the amount due (tuition, fees, housing, meal plans and other miscellaneous charges) as well as any applied Financial Aid payments and previously posted payments.

Students can access SDePay by logging onto the secure WebAdvisor website:  
<https://wa-sdsu.state.sd.us/webadvisor/>

Students can pay their account balances with eCheck, debit cards or credit cards through the SDePay. EChecks are ACH payments from a checking and savings account of a US bank. Debit and credit cards are subject to a 2.75% service assessed by and payable to infinET, host provider of SDePay. American Express, MasterCard and Discover cards are accepted.

Students can authorize parents, a spouse, or other individuals to view their eBill and make an ePayment on their student account.

SDePay is available 24/7 except for regularly scheduled maintenance on most Thursday evenings.

Additional information and user guides is available on <http://studentbill.sdstate.edu>

## Billing & Payment *continued*

Students at off-campus location centers will have their refund checks mailed to the off-campus location center unless other arrangements are made by the student.

### **13. What is registration confirmation?**

This is a process that is completed by students whose financial aid pays their entire bill. Confirming your registration lets us know you are planning to attend. Instructions for confirmation will be available on <http://studentbill.sdstate.edu>.

**REMINDER TO STUDENTS:** By setting up your parents, a spouse or other individuals as authorized payers on SDePay, they can receive notices of statement availability, view account statements and make online payments.

# Financial Aid

---

Financial aid (grants, SDSU scholarships, and most Federal Loans) accepted and processed will be credited on the student's Registration Statement of Account. The financial aid payment is credited only when the student has early registered for a minimum of 6 credits. Also, payment is subject to the federal financial aid eligibility requirements. The Federal Stafford Loan (after federal loan fees are deducted) is paid by Electronic Funds Transfer (EFT) and credited on the student's Statement of Account for most South Dakota lenders. EFT may not be available from some non-South Dakota lenders.

The Federal Pell Grant is based on early registration enrollment status and may be adjusted after Census Date (last date to add or drop with no assessment) if enrollment status changes (full-time, 3/4 time, 1/2 time).

Students who have not early registered will have their financial aid award credited after September 14, 2006. Please request a deferment from the Financial Aid staff for the delayed aid payments.

Early registered students with financial aid payments exceeding the semester expenses will have a refund check paid to the student on August 28, 2006. Late registered students will have a refund check on approximately September 14, 2006.

Students receiving a Federal Stafford Loan for the first time must have entrance loan counseling from the SDSU Financial Aid Office before their loan can be paid. Entrance Loan Counseling can be done electronically on the Internet at the SDSU Home Page: [www3.sdstate.edu](http://www3.sdstate.edu) by going to the Financial Aid page.

Please contact the Financial Aid Office if you have any student financial aid questions by visiting the office in SAD 106 or by calling 605-688-4695.

# Address/Directory Information

**Family Educational Rights and Privacy Act of 1974 (Buckley-Amendment).**  
**For students' detailed information, the complete FERPA policy is available in each Dean's Office.**

## A. STUDENT ADDRESSES

To access your current address information go to WebAdvisor. To make needed changes go to:

<http://courseinfo.sdstate.edu/recordregistration/index.cfm>

- ▶ Registering your current local (school) address or post office box number (on or off campus), your permanent address, and your family (parent or spouse) address is an integral part of SDSU's registration process. You are expected to keep the University informed of current local, permanent, and family addresses, e-mail, and telephone numbers.
- ▶ The SDSU Jacks email address, along with the latest local, permanent, and family addresses recorded in the Registrar's Office shall be considered the proper addresses to which official University communications are sent. The University will not accept accountability for non-receipt of mail when it is sent to any of these addresses.
- ▶ Your SDSU Address and e-mail information will be available from your advisor at Early Registration in April. Please correct inaccurate information so that you may receive your SDSU correspondence.

- address (local, permanent)
- student's e-mail address

**The request form is valid only for the term requested.**

## D. FERPA RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean or head of the academic department (or appropriate official) written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
3. Except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official is defined as a person employed by the University in an administrative, supervisory, academic, or support staff position (including law enforcement unit and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-4605

Y indicates courses that have first class contact on Tuesday, Thursday.

Courses that have first class contact at 8:30, 9:30, etc., will use the exam schedule of 8:00, 9:00, etc.

## B. Additional Information

- Final exams for Evening Courses must be scheduled within the final exam week.  
(Example: Wednesday evening classes will have their final December 13, 2006, etc.)
- Time for an examination with 2 or more credits is determined by the student's first contact of the week in each course. First recitation of the week is considered the first contact. (If the class is lab only, see #3 below.)
- Courses of 1 hour or less credit or lab only will have the final examination on the last regular period before the exam schedule begins.
- Internet courses will have final examinations during the week of the last regular class period before final examinations begin. (During week of December 4 – December 8, 2006.)
- The present policy with a scheduled Final Exam Week will be continued with the following exceptions:
  - Any instructor wishing to waive the right to a final exam must do so by submitting a request to the department head for approval. The department head will then forward such request to the College Dean. The right to waive the final examination does not, however, preclude the University policy which requires that in the event that the exam is not given, the instructor must be available to the students for a learning experience during that designated period.
  - If there are instances where a student has more than three exams within one day, the Registrar will assist the student in arranging test rescheduling. Other reasons for individual students missing a scheduled examination will be handled by the individual department. Each department will decide what will, or will not, be acceptable as an excuse and deal with individual hardship cases. In the event of a department approved excuse, the instructor will decide the procedure necessary to complete the course requirement. Instructors must have the consent of the department head in excusing the student. It would be expected that all departments will accept illness and emergency within the immediate family as being legitimate basis for rescheduling the exam.

Each Department Head and Dean is responsible for enforcing the above policies. Department policies regarding acceptable excuses have been formulated and forwarded to the Dean of the College. The departmental policy will be distributed by the instructor to each class at the beginning of the semester.

# *Statement on Illegal Drugs and Alcohol*

---

## **Introduction**

This statement is provided to students, faculty and staff of South Dakota State University in compliance with the requirements of the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226. The enclosed information reviews standards of conduct established by the South Dakota Board of Regents and the University regarding the unlawful possession, use or distribution of alcohol, controlled substances or marijuana. Legal sanctions under local, state and federal law for the unlawful possession, use or distribution of these substances are described. Information regarding health risks, treatment or rehabilitation services and disciplinary sanctions available to the University for violations of drug and alcohol policies is also provided. All members of the campus community are encouraged to familiarize themselves with this material.

## **Policy**

The South Dakota Board of Regents strictly prohibits the unlawful possession, use or distribution of alcohol, marijuana or controlled substances by its students or employees while on property controlled by the Board or while participating in any capacity in activities or employments sponsored by it. No possession, use or distribution of alcohol, marijuana or controlled substances is permitted on the campuses of Regental institutions except where specifically authorized by Board policy.

## **Disciplinary Sanctions**

● **Employees:** Disciplinary procedures for employees vary according to the individual's status as a Career Service Act employee, as a non-faculty employee who is exempt from the Career Service Act, as a faculty member who is excluded from the bargaining unit, or as a faculty member who is within the bargaining unit. Disciplinary measures shall be imposed pursuant to those procedures that are appropriate to the employee's classification.

Employees whose unlawful possession, use or distribution of alcohol, marijuana or controlled substances violates this policy may be subject to disciplinary measures including warnings, required counseling or treatment, temporary suspension from duties with, or without, loss of pay, reassignment, demotion or discharge. Absent extraordinary circumstances, a second infraction will be deemed just cause for termination. Where the infraction constitutes a felony offense under South Dakota or federal law, the essential facts of the infraction will be referred to law enforcement authorities. Referral of a matter to law enforcement authorities will not require suspension of disciplinary proceedings nor delay imposition of discipline.

● **Students:** The manufacture, sale, possession and consumption of alcohol, marijuana or controlled substances by students is prohibited on any property controlled by the Board of Regents and in connection with any institutionally sponsored activity, except that alcohol may be served at social activities held in other locations, subject to the restrictions established under state law and by South Dakota State University.

The SDSU judicial system will be utilized in all cases involving student violations of alcohol, marijuana and controlled substances policies. A complete description of judicial procedures is available in the **SDSU Student Code**.

Initial sanctions for violations of marijuana and controlled substances policies include censure to suspension for use or possession of marijuana, probation to expulsion for use or possession of controlled substances, and suspension or expulsion for the manufacture, distribution or possession with intent to distribute marijuana or controlled substances. Second offenses of these regulations will result in a minimum of disciplinary probation and a \$100 fine. Third offenses will result in a minimum of suspension for one semester or, in compelling circumstances, probation and required participation in an approved substance abuse treatment program at the student's expense. The foregoing sanctions are minimum sanctions and reference to them does not preclude more severe sanctions, including expulsion, where the circumstances warrant such action.

The SDSU alcohol policy prohibits possession or consumption of alcohol on campus and in connection with any institutionally sponsored activity. This policy shall be interpreted to include only possession or consumption of alcohol but also voluntarily participating in on-campus events or activities involving alcoholic beverages. Initial sanctions for alcohol violations will result in a minimum sanction of censure plus appropriate conditions. Minimum sanctions for subsequent offenses are the same as those outlined above for marijuana and controlled substances.

Violations of SDSU alcohol, marijuana and controlled substances policies may be referred to local law enforcement and will be referred when the facts suggest a felony offense has occurred.

## Local, State and Federal Laws

Criminal and civil penalties are clearly established in local ordinances, state statutes and federal laws for violations involving unlawful use, possession, consumption and distribution of alcohol, marijuana and controlled substances. These violations are often considered to be serious crimes and penalties can include fines, loss of driving privileges and incarceration. In addition, criminal proceedings and sanctions interrupt normal educational or employment activities and may create a permanent criminal record.

- **Local Ordinances.** The city of Brookings has established ordinances regarding alcoholic beverages. Violations covered under the Brookings Code include: public nuisances (buildings, structures, homes, etc. where alcoholic beverages are manufactured, sold, consumed or used in violation of state law or city ordinances); drinking or possession of alcoholic beverages in a public place; registration requirements and limits on the purchases of kegs; the sale or gift of alcoholic beverages to minors; purchases of alcoholic beverages by minors; misrepresentation of age by a purchaser of alcoholic beverages; and, intoxication to the annoyance of any person or in any public place. These violations are classified as petty offenses and entail fines ranging from \$100 to \$1000.
- **State and Federal Laws.** The accompanying charts describe state criminal and civil penalties for unauthorized possession or distribution of marijuana and alcoholic beverages, as well as penalties for unauthorized manufacture, distribution, counterfeiting or possession of a controlled substance. Federal sanctions for trafficking and possession of controlled substances and marijuana are also included.

## Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgement and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol caused marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at a greater risk than other youngsters of becoming alcoholics.

## 10 Steps to Distance Education at SDSU

1. Visit the SDSU Distance Education website at <http://distance.sdstate.edu>.
2. View the courses being offered by SDSU through Distance Education. Be sure to examine the detailed course information for course pre-requisites and technical requirements.
3. On the course listing page choose the courses you wish to take and submit your selection.
4. Complete the Admissions Application/Registration form online. If you are a current student enter your Student ID when asked.  
**Disclaimer: This does not guarantee your registration in the courses you select. Your registration will depend upon the following: admittance, space availability, and completion of any course pre-requisites.**
5. You will receive notification via e-mail or telephone regarding your registration status, along with your colleague ID number. You will also receive three mailings: an official letter from the SDSU Admissions Office regarding your admittance (only if you are a new student), a bill from SDSU for your courses, and a distance education packet.
6. View the detailed course information on the Distance Education website to determine which textbooks are required for your course(s) or visit the University Bookstore online at <http://bookstore.sdstate.edu>. You can order your textbooks online or by calling 1-800-985-8771.
7. Check detailed course information on the Distance Education website for instructor contact information, class syllabus, and class start date and time or contact the Distance Education office.
8. View Tips for Success on the Distance Education website for ideas to make your distance education experience a positive one. For internet courses, complete WebCT 101, Learning with WebCT available at <http://webct.sdstate.edu>.
9. Go to class. Your method of participation will depend upon the course's delivery system:  
**DDN/Extension Learn System** - Please attend class at the identified site on the first scheduled day and time.  
**Streaming Media** - Visit <http://distance.sdstate.edu/video> on the first scheduled day and time of class.  
**Cable** - Tune in to Cable channel 2 on the first scheduled day and time of class.  
**Internet** -View detailed course information on the Distance Education website and click on "Go to class". You can also access your class by going directly to <http://webct.sdstate.edu>. You will need your colleague ID number to access your course. Create a bookmark to your course page by clicking "Favorites" and "Add to Favorites". To verify your browser meets the WebCT requirements, complete the Check Browser option located at <http://webct.sdstate.edu> in the upper right hand corner.
10. We recommend beginning the course by reviewing all course material, including the course syllabus, schedule, assignments and your textbook(s). Contact the instructor if you have questions regarding the course content. If you are having trouble accessing your course, please contact the appropriate support number.
