## **Historical Note**

The primary function of the Environmental Health and Safety Office is to assist campus personnel in making South Dakota State University [SDSU] a safe learning and working environment for faculty, staff, and students. The office has the responsibility to implement and enforce various regulatory codes pertaining to any such activities, either in the teaching or research environment. The office provides assistance to any department that needs help in assessing their current conditions.

## **Contents Note**

This collection is composed of a pamphlet explain how to respond to emergencies in the workplace.

## **Key Words**

South Dakota State University. Environmental Health and Safety Office.

## **Administrative Information**

### *Conditions Governing Access*

This collection is open to researchers without restrictions. The materials in the Archives do not circulate and may be used in-house only.

Researchers conducting extensive research are asked to make an advance appointment to access archival material. Please call or e-mail prior to visiting the collection and indicate as much detail as possible about a particular topic and intended use.

South Dakota State University supports access to the materials, published and unpublished, in its collections. Nonetheless, access to some items may be restricted as a result of their fragile condition or by contractual agreements with donors.

*Copyright note*

Copyright restrictions apply in different ways to different materials. Many of the documents and other historical materials in the Archives are in the public domain and may be reproduced and used in any way. There are other materials in the Archive carrying a copyright interest and must be used according to the provisions of Title 17 of the U.S. Code. The Archive issues a warning concerning copyright restrictions to every researcher who requests copies of documents. Although the copyright law is under constant redefinition in the courts, it is ultimately the responsibility of the researcher to properly use copyrighted material.
