## CHAPTER I

### INTRODUCTION

#### The Problem

South Dakota State College has participated in track and field meets since 1889. In that year South Dakota State, South Dakota University, and Sioux Falls College entered the State Meet. Since then the sport has grown steadily at South Dakota State College. In 1947 South Dakota State College added indoor track to the schedule; and in 1952 the NAIA Track and Field Meet, the AAU Track and Field Meet, and the NCAA Track and Field Meet were added.

The author has attempted to collect and record historical data of meet summaries, individual and meet records, and available information concerning the track coaches who have served at South Dakota State College. Many of the college track and field records may eventually be lost or forgotten entirely unless steps are taken to record this information in a permanent historical booklet.

This individual problem was undertaken specifically to meet this need of compiling a history of track and field at South Dakota State College in order that it may be easily accessible to any interested party.

### Scope And Method

This historical study is limited to meets in which South Dakota State College has participated.

The scattered information has been derived primarily from secondary sources. The newspaper accounts which are on file in the microfilm library at South Dakota State College were used, along with the newspapers which are also on file at the same library. Other information was found in the study of fact books published by the athletic department of South Dakota State College and The Jack Rabbit year books.

### Purpose And Objectives

The purpose of this study has been to gather into one place as much of the historical information on track and field activities at South Dakota State College as the author could obtain, and to fulfill the need for a permanent record which will furnish information concerning track and field for historical purposes.

### Definition Of Special Terms Used

Dual meet--track and field meet in which two schools participate.

Triangular meet--track and field meet in which three schools participate.

Quadrangular meet--track and field meet in which four schools participate.

State Meet--meet in which any college in the state of South Dakota could enter. This meet has been discontinued.

SDICAAA Meet--South Dakota Intercollegiate Conference Amateur Athletic Association Meet.

SDIC Meet--South Dakota Intercollegiate Conference Meet.

NCIAC Meet--North Central Intercollegiate Athletic Conference Meet.

NAIA Meet--National Association of Intercollegiate Athletics Meet.

NCAA Meet--National Collegiate Athletic Association Meet.

AAU Meet--Amateur Athletic Union Meet.

Invitational Meet--meet in which a school invites other schools to participate.

Relay meet--meet which has relay events instead of some of the track events. The field events remain unchanged.

Indoor meet--track and field meet which is held in an enclosed area.

Open meet--meet in which any contestant or team may participate.

Unattached--the placing of an unattached contestant does not count toward a team score.
