Subject: open access request for your SDSU thesis

Hi Nicole

I'm the Electronic Resources and Scholarly Communications Librarian for the Briggs Library here at South Dakota State University. I'm in charge of the daily operations of the SDSU institutional repository: Open PRAIRIE. <https://openprairie.sdstate.edu/>

Open PRAIRIE came online in late 2015. Since that time all graduate work (Electronic Theses and Dissertations- ETDs) is being placed in the repository for preservation, and dissemination. This includes your thesis : *Gender portrayal in J.K. Rowling's Harry Potter and the Order of the Phoenix : A Feminist Rhetorical Criticism* <https://openprairie.sdstate.edu/etd/5143/>

Due to the nature of copyright law, access to your work is currently restricted to on-campus and SDSU credentialed users. We've received an Interlibrary Loan request for the thesis. Before sending the circulating copy in order to fill the request, I'd like to request your permission to place your dissertation in open access status.

This is not a copyright transfer. This is the same permission that all current graduate students provide us. <https://openprairie.sdstate.edu/etd/>

Your permission grants license for your work to be accessed by researchers and readers outside the SDSU community.

As well, you will receive monthly download reports with access to the Readership Distribution Map and other readership metrics. Thank you for your time. I look forward to hearing from you.

Thanks,
Michael
