January 1991 - December 1995

CUMULATIVE INDEX
Introduction

This index provides subject access to the Lakota Times and Indian Country Today, cumulating the annual indexes covering 1991 through 1995. The Lakota Times changed its title to Indian Country Today in October, 1992. In 1995, Indian Country Today began publishing a separate Southwest edition. This index covers the Northern Plains edition only.

Most articles written by the newspaper staff as well as wire-service news stories are indexed. Excluded are brief obituaries, announcements, notices, and minor sports events. The names of those writing letters to the editor and of reporters are generally not indexed.

The following abbreviations are used throughout the index:

An asterisk (*) at the beginning of a notation indicates that an illustration accompanies the story.

(L) at the end of a notation denotes a letter to the editor.

(ED) at the end of a notation signifies an editorial.

Subject headings are limited to eighteen characters, including spacing. Thus, abbreviations and incomplete headings are sometimes necessary. For example, NATIONAL is consistently listed as NATL. A cross reference is made whenever necessary (e.g.: NATIONAL SEE NATL). Entries are arranged chronologically under each subject heading:

1. Subject Headings -- e.g.: ABERDEEN SD

2. A fourteen-digit code containing the date (month, day, and year) and pagination (section, page and column) -- e.g.:

   6 = June
   05 = Day
   1991 = Year
   6/05/1991

   B = Section
   04 = Page
   3 = Column
   B043

   * = Illustration

3. The headline notation -- e.g.: RUSSELL NAMED ABERDEEN AREA CONTRACTS OFFICER.
